EXT. LOWER MANHATTAN VIEW FROM BROOKLYN, MORNING

Corporate Red is seen in his all black all weather coat staring at lower Manhattan from the Brooklyn Promenade. The wind blows the lower portion of his coat.

CORPORATE RED
Everything.. Everything has
changed.. Books.. Television.. And
Spider-man..

FADE INTO

EXT. STRANGE SANCTORIUM

Tony Stark is seen meeting with Corporate Red and Doctor Stephen Strange.

INT. STRANGE SANCTORIUM

CORPORATE RED
I've warned you countless times
this everything is wrong.

TONY STARK
You need to get out of your
delusions.

WONG
It's not a delusion.

CORPORATE RED
For years it's been talked about
there's been a black hole at the
center of the Milky Way galaxy way.
But yet we're never told why? We
live our lives on a daily basis
while a black hole sits at the
center of our galaxy.

TONY STARK
You're point?

WONG

Since the cosmic war the rip in the Milky Way galaxy has become far worse, thanks to the Skrulls use of the Infinity Time Stone during the 1920's - 2000's, thanks to Corporate Red use of it against crime, thanks to Doctor Strange playful use of it and his bargains with Dormmamu, thanks to Thanos use of the Infinity Gauntlet and thanks to you and the Avengers.

TONY STARK

We can repair..
(gets cut off)

DOCTOR STEPHEN STRANGE

My friend here has warned you constantly this timeline was never suppose to exist. But your ignorance continues to blind you. This is an alternate timeline that's not suppose to be here.

TONY STARK

What makes you believe that?

CORPORATE RED

The Spider-man I refer you was an adult, not a teenager.

Tony Stark forms a serious stare as the three stare.

CUT TO:

EXT. SECRET PRISON

A woman is seen being released from a secret prison.

REPORTER

The former queen, Edea has been released from her prison asylum.

The woman is then seen meeting with the ruler of Latveria, Victor Von Doom.

CUT TO:

INT. COUNCIL BRIEFING ROOM

COUNCILMAN

The greatest threat to world security has been released. She could've been dead if it hadn't been for your merciful ways.

Corporate Red lowers his head.

CUT TO:

Edea dressed in a purple suit business attire is seen teleporting into the room.

COUNCILMAN (CONT'D)

Take her out..

She takes out the security and then later stops time on the Council members except on Corporate Red.

EDEA

You think they can stop me? My powers advanced to godlike levels during the days of my imprisonment. Humanity never stood a chance against me. I will take over this new Babylon and you will bow down to this great sovereign mutant.

CORPORATE RED

We'll just see about that..

CUT TO:

Corporate Red suits up in his combat suit, but not as Corporate Red, but as Next Gen Quantum.

EDEA

Oh a different suit.. I'm suppose to flee back to my castle and ride ponies again.

CORPORATE RED

Don't add insult to injury..

Edea makes a serious stare..

CORPORATE RED (CONT'D)

I'm taking you down..

Corporate Red turns his head to the sharp right as he hears a familiar voice.

VICTOR VON DOOM

On the contrary lad, you won't be
walking away from the impending,
doom.

Corporate Red punches Victor in the face as crushing metal is heard. He does a lick taunt as he stretches his hand. Edea extends her hand as Victor's famed iron mask levitates towards him as he reaches for it, and slowly puts it on his face. Edea starts walking and twirls her right hand as electricity forms on her finger tips.

CUT TO:

The two put their hands together forming a triangle and out comes electricity as the hero blocks with his sword and plasma gun. The scene cuts to inside his visor helmet as his eyes form a serious stare.

CUT TO:

CORPORATE RED

TONY STARK

WONG

BLACK WIDOW

HAWKEYE

CAPTAIN AMERICA

And..

VOICE

Since the days of the war I've
longed for a physical soul to be
free from the Astral Plane..

EDEA

I have just the pure soul, but with
a broken down mind you can
compromise.

Edea does her sadistic laugh as the day the world collapsed by Posthouse Tuomi is heard in the background as the words

THE FORGOTTEN RANGER II

SECRET WAR**EXT. BATTLE**

Corporate Red is seen being held by the throat by Edea as Doctor Doom stares on. There are two Skrulls standing with them as well watching. A male Skrull with a beard, and a female Skrull with blonde hair. Captain America, Black Widow and Hawkeye arrive on the scene several inches away.

BLACK WIDOW
(worried loud tone)
Steve..

HAWKEYE
(loud tone)
Cap

Captain America throws his shield as Edea blocks it with her telepathic mind as the four turn and give you the readers a sickening smile. The three heroes eyes widen.

EDEA
Naughty, naughty..

FADE TO BLACK.
