EXT. KHANG'S SPACESHIP

A brief scene of a galactic mothership is shown.

CUT TO:

INT. KHANG'S BRIDGE

A door is seen opening as a dimensional watcher enters the bridge of his ship. He is none other than, Khang.

PERSONAL

Lord Khang.. We've picked up an unusual anomaly.

Khang and the crew stare out the viewing window of the bridge. There is a energy rip in space.

KHANG

There is a disturbance in the force.

SCIENCE OFFICER

There's a disturbance in the space time continuum. That's a fracture in time.

KHANG

What has happen?
(brief silence)
Can we track the source?

SCIENCE OFFICER

Scanning.. Interesting..

SECONDARY SCIENCE OFFICER

The source is coming from a Terran System of another reality. An unstable reality..

KHANG

Identify..

The two are scanning the energy rip.

SCIENCE OFFICER

The source is coming from Earth 616.

KHANG

Someone or something has endangered the multi-verse with their actions.

PERSONAL

Key suspects my lord?

KHANG

Earth 616 is the universe where Corporate Red defeated Thanos and saved the multi-verse. Unless someone or some people have altered the reality of that universe?

(brief silence)

Begin scanning for any possible changes in that universe..

SECONDARY SCIENCE OFFICER

Pulling up historical records of Earth 616.

(searching archives)

Brief silence

SECONDARY SCIENCE OFFICER (CONT'D)

There are indeed several changes in television shows, magazines.

(brief silence)

This is interesting.. Lord Khang, there is no records of Corporate Red..

KHANG

What has happen?

Khang's wife and daughter quickly enter the room.

KHANG'S WIFE

(screaming)

Khang..

Khang's wife and daughter are fading in and out.

KHANG

No..

Khang quickly goes over to his wife and daughter who fall on both their knees.

KHANG'S WIFE

Khang..

KHANG'S DAUGHTER

(tearing up)

Daddy..

Khang's family disappears as they fade. Some of Khang's crew also fade away slowly. The crew members that were fading eventually disappear.

SCIENCE OFFICER
My lord, what has happen?

Khang's face goes from distraught to anger.

KHANG
A war is about to unleash..

FADE INTO

EXT. ALTERNATE WASHINGTON D.C.

A brief view of Peggy Carter's home is shown.

CUT TO:

INT. PEGGY CARTER'S HOME

A scene shows a photo of Peggy Carter, her husband and children. The photo slowly changes replacing Peggy's husband with Captain America.

FADE INTO

EXT. PARALLEL NEW YORK CITY

The scene shows a building rooftop with Corporate Red staring at the city. His helmet being held in his right hand. Once the scene zooms closer to him as he stares at his left hand which is fading in and out.

CORPORATE RED
What's happening?

FADE TO BLACK.

Avengers Logo and The Forgotten Ranger logo's appear side by side, along with the see through images of two earth's. The two logos as they go near each other trigger a bright plasma reaction, and then the words Secret Wars appear.

FADE IN:

EXT. AXIS OF TIME

Khang with his hands behind his back is in a mysterious dimension where very few have visited. A time portal quickly opens and closes. A man in a silver suit and dark shades with his hands behind his back slowly walking, and stops.

ALEX

Khang..

KHANG

Red Time Force Ranger.. Alex..

ALEX

Someone has disrupted the matrix of several realities.

KHANG

I am aware, and the situation shall be handled.

The two then turn their heads, and slowly turn around as times portals begin opening up. One of the time portals quickly opens and closes with Cable entering. The other two, Bishop and Sailor Pluto emerge from their respective portals, and the portals close behind them.

CABLE

I have urgent news..

Khang speaks to Cable and Sailor Pluto telepathically.

KHANG

(We are aware..)

SAILOR PLUTO

(Someone has disturbed the space time continuum)

ALEX

I really hate when you all do the telepathic conversation without me.

CABLE

I'm not a telepath.. I'm just the listener.. It's more of a reference since my mother was a telepath.

BISHOP

What is going on? I was out battling sentinels with Wolverine and Storm and they just vanished.

SAILOR PLUTO

There is a disturbance in time..
There are unstable time fractures
appearing throughout different
realities within the multiverse.

KHANG

Someone from earth 616 has
disrupted the space time continuum
of the multi-verse.

CABLE

Earth 616, that's the universe that
defeated Thanos through Corporate
Red.

KHANG

Or so we thought..

CABLE

The fuck that's suppose to mean?

KHANG

The Avengers caused ripples in the
multi-verse and altered different
realities during their hunt for the
Infinity Stones. Instead of moving
on they have caused ripples,
creating alternate realities and
have caused a disturbance in the
force.

SAILOR PLUTO

What other information have you
gathered?

FLASHBACK

A brief scene showing Corporate Red, the Defenders, Deadpool,
Cable, Sailor Moon (Queen Usagi), King Damien, Sailor Scouts.

KHANG

During his Secret War against
Thanos in the multi-verse Corporate
Red as Next Gen Quantum along with
Deadpool, Defenders, Sailor Moon,
her husband, the Sailor Scouts and
along with Cable here fought Thanos
and the Black Order. Once Red and
his faction defeated Thanos the
hero wielded the Infinity Gauntlet
and bent reality in hopes of
restoring the original Earth 616.

(MORE)

KHANG (CONT'D)

Then Captain America caused a rip
wiping out Corporate Red.

CABLE

Captain America, what did he?

Alex pulls out a cosmic cube and it begins projecting
different videos.

PROFESSOR HULK

"Remember, you have to return the
stones to exact moment you got
them, or you're going to open up a
bunch of nasty alternative
realities."

CAPTAIN AMERICA

"Don't worry Bruce, I'll clip all
the branches."

SAILOR PLUTO

I caught that reference..

CABLE

Son of a bitch..

BISHOP

Cap?

CAPTAIN AMERICA

"Don't do anything stupid until I
get back."

BUCKY BARNES

"How can I? You're taking all the
stupid with you."

The two hug..

BUCKY BARNES (CONT'D)

"I'm going to miss you buddy."

CAPTAIN AMERICA

"It's going to be okay Buck.."

Alex turns off the cosmic cube.

SAILOR PLUTO

Captain America.. He's the reason
several realities have disappeared.
He clipped the branches of
realities..

Khang hands Cable a photo. Bishop and Sailor Pluto get a glimpse of the photo, followed by Alex who walks towards them.

KHANG

That photo of Agent Peggy Carter from Earth 616 no longer has her original husband. It now has Captain America.. Captain America after returning the Infinity Stones stayed in the past, and created an alternate reality within an already alternate reality. Due to his staying in the alternate past it has endangered the stability of the multi-verse.

SAILOR PLUTO

That explains it then.. His selfish actions also wiped out Queen Usagi, King Damien, and the Sailor Scouts of the Crystal Tokyo reality.

CABLE

I was with Corporate Red and his faction during the battle against Thanos.

BISHOP

What happen?

CABLE

They were also wiped out..

FLASHBACK

EXT. TITAN 2

Queen Usagi/Sailor Moon, her husband, and the Sailor Scouts from the Crystal Tokyo reality slowly fade away.

QUEEN USAGI/SAILOR MOON

What's happening to us?

KING MAMORU

I don't know..

SAILOR NEPTUNE

Haruka..

SAILOR URANUS

Michelle..

SAILOR NEPTUNE
I'm scared..

SAILOR URANUS
Me too..

SAILOR NEPTUNE
Let me touch you..

The two slowly crawling towards each other embracing each other in their arms.

SAILOR NEPTUNE (CONT'D)
Oh Haruka.. So warm..

SAILOR URANUS
Yeah..

The two fade away..

QUEEN USAGI/SAILOR MOON
I'll always love you Mamu..

KING MAMORU
Usagi..

Sailor Mars is seen getting emotional with tears as she smiles and closes her eyes. The Inner Senshi's also smile. The six fade away. Sailor Pluto is holding Sailor Saturn in her arms.

SAILOR SATURN
Find the source before it catches
you.

SAILOR PLUTO
(tearing up)
I will..

SAILOR SATURN
I love you..
(tearing up)

Sailor Saturn slowly fades away. Sailor Pluto with her arms wrapped around herself shaking up and tears up.

CUT TO:

Corporate Red as Next Gen Quantum with his helmet off, and the Infinity Gauntlet in his right hand is laying on the ground in the arms of Cable. His body is fading in and out.

NEXT GEN QAUNTUM
I just wanted to save life.

CABLE
 Don't worry I'll find out what
 happen.. T..

Next Gen Quantum goes in awe with teary eyes as he fades away in Cable's arms. Cable forms a distraught look and slowly gets up.

DEADPOOL
 Cable..

Cable turns around with his non-plasma eye widening.

DEADPOOL (CONT'D)
 I don't feel so good tiger.. This
 is it.. The PG rated just couldn't
 get down with the R rated.

Deadpool falls onto Cable...

DEADPOOL (CONT'D)
 I'm down for the count bub..
 (brief silence)
 Wait a minute? Is that a knife on
 my..

CABLE
 That's a knife..

DEADPOOL
 Go ahead partner.. Make my day..

CABLE
 Aahh

PRESENT DAY

Everyone closes their eyes for a brief realizing what Cable did. Eventually they open their eyes..

ALEX
 You're actions were, illogical..

CABLE
 Shut up Alex.. The man who altered
 a 2001 reality. How's Wes's dad?

Wes was about to walk towards Cable, but Bishop extends his right arm.

BISHOP
 Enough, both of you..
 (slowly lowers his right
 arm)

SAILOR PLUTO

The unstable fractures in time caused by the Avengers and Captain America of Earth 616 will get worse if we don't do something.

CABLE

What's the plan?

KHANG

We will have to travel the multi-verse and find the rip. Once we find the rip, we must repair it by stopping the source of the problem. If we don't all of realities will be in danger.

BISHOP

So the Avengers caused the rip as well?

ALEX

They caused multiple changes in branches. In one alternate timeline Loki escapes his captivity from S.H.I.E.L.D. In that same reality Loki betrays Thanos and completes the Infinity Gauntlet.

CABLE

Fuck..

BISHOP

(whistles)
That's rough..

KHANG

The ripples were just the beginning.. It was Captain America that caused the fractures in time throughout the multi-verse. There is now a alternate 616 Earth that is not suppose to exist.

ALEX

I've been monitoring the unstable changes in that universe. Prior to Captain America's staying in the past, the Spider-man of that reality went from an adult to a minor somewhere in alternate 2012.

(MORE)

ALEX (CONT'D)

Many individuals in that timeline had constant use of the Time Stone, which caused changes within that reality. Captain America's actions only made things worse.

Brief silence as everyone forms serious stares.

BISHOP

An alternate reality within an alternate reality. That's some crazy shit..

KHANG

We have to find that Captain America and we must also stop the Avengers from reversing the snap. When the Avengers reversed the snap there were some disastrous results. People that were in helicopters or planes fell to their deaths after being restored.

BISHOP

So we have to save the multi-verse by helping Thanos destroy one? Its the Apocalypse all over again.

CABLE

This isn't the 90's..
(plasma eye lights up)

BISHOP

It doesn't make it any different. In this case the villain wins and goes off into the sunset.

KHANG

Yet he too went off into the sunset in a universe that isn't suppose to exist.

BISHOP

So we hunt down Captain America. Then what?

SAILOR PLUTO

After we find Captain America, we must corner him, and take him down.

KHANG

Eliminating him is the only option.
This is the real End Game.

CUT TO:

EXT. DOCTOR STRANGE SANCTORIUM

A brief scene of the Strange Sanctorium in Chelsea, Manhattan in Earth 616.

CUT TO:

INT. DOCTOR STRANGE SANCTORIUM

Doctor Strange and Wong are seen slowly walking down the sanctorium steps.

DOCTOR STRANGE

I wonder whatever happen to our
friend Corporate Red?

WONG

I am deeply worried.. We have not
heard from since him and his
faction went to battle Thanos in
the multi-verse. He was suppose to
come back here if they were
successful.

DOCTOR STRANGE

If.. We may have to go..

The two then stop walking once reaching the bottom steps.

DOCTOR STRANGE (CONT'D)

You sense that?

WONG

Indeed..

The two go into defense stance. The two then stand behind each other and look around. Suddenly a portal quickly opens and closes. Cable quickly charges up his plasma gun. The two sorcerers stand side by side in defense.

WONG (CONT'D)

Cable..

CABLE

Wong..

DOCTOR STRANGE

Cable?

Brief silence..

WONG

Cable accompanied Corporate Red and his faction in the battle to fight Thanos in the quantum realm.

CABLE

Wong, we have a situation.

WONG

Where's Corporate Red?

CABLE

Gone, but not at the hands of Thanos.

DOCTOR STRANGE

Who are you? Where's Corporate Red?

CABLE

The name is Cable, I'm an X-MEN from a parallel reality.

DOCTOR STRANGE

X-MEN?

CABLE

I see.. Computer.. Begin processing data..

Cable cosmic cube starts levitating in the air as it begins gathering data.

DOCTOR STRANGE

Is there a problem?

CABLE

Where can I find Captain America?

DOCTOR STRANGE

I asked is there a problem?

CABLE

The Captain America of your reality has endangered the multi-verse and he's being hunted by multiple dimensional hunters, including me.

DOCTOR STRANGE

Hunted?

WONG

For what reason?

CABLE

His actions of not returning to your timeline and living in this alternate reality has threatened the existence of other realities, and erased my wife and son.

DOCTOR STRANGE

We're aware of the alternate reality..

CABLE

No, you don't understand. This alternate reality has been replaced by another one because of Captain America's actions. There are now two Captain America's in this reality in a reality that is not even suppose to exist. Captain America stayed in the past after returning the Infinity Stones, and married Peggy Carter, erasing the reality of her original husband, along with erasing the existence of Agent Peggy Carter.

WONG

He has disrespected natural law.

CABLE

Does the name Khang ring a bell?

DOCTOR STRANGE

No..

WONG

The name brings fear to many..

Brief silence as Cable continues gathering data through his time cube. Strange and Wong no longer in their defense stance.

DOCTOR STRANGE

Who is Khang?

CABLE

Khang is an inter-dimensional watcher and time traveler who monitors different universes and different dimensions.

(MORE)

CABLE (CONT'D)

Word was sent out to myself and different dimensional and universal travelers about a rip in the space time continuum of multiple realities. A report was later sent out to hunt down every Captain America to track down the source.

Doctor Strange takes a few steps with his hand under his chin.

DOCTOR STRANGE

Wait a minute..

FLASHBACK**INT. ROOM**

BARON MORDO

"Temporal manipulations can create branches in time.

(loud tone)

Unstable dimensional openings, spacial paradoxes, time loops."

WONG

"You weren't manipulating space time continuum, you were breaking it. You do not tamper with natural law."

CUT TO:**EXT. HONG KONG**

BARON MORDO

"Yes, we did. But also violating the natural law. You still think there will be no consequences Strange? No price to pay? The bill comes due, always. I will follow this path no longer."

PRESENT DAY**INT. ROOM**

DOCTOR STRANGE

Unstable dimensional openings. The bill comes due..

CABLE

Always..
(plasma eye lights up)

WONG

That's why we've never heard from
Corporate Red..

CABLE

Captain America's actions wiped out
Corporate Red and a few other
heroes. This timeline threatens the
existence of the multi-verse. Like
Corporate Red stated this timeline
must be destroyed to save all
realities.

DOCTOR STRANGE

That explains it..

WONG

I should've went with them..

DOCTOR STRANGE

Its not your fault, Wong..

CABLE

When the Avengers reversed the snap
and with Captain America staying in
the past it wiped out Corporate Red
and heroes from different
realities. Even cosmic beings like
Queen Usagi and the Sailor Scouts
of Crystal Tokyo weren't spared.
Sailor Pluto, a cosmic being is one
angry woman anyone from your
universe better not come across.

Doctor Strange rubs his hands across his face and takes few
paces. Wong is in disbelief and awe.

WONG

They've disrespected natural law.

CABLE

A dimensional war is about to
unleash against Earth 616.
(charges plasma gun)
This so-called Marvelous universe
is going down, at all cost.

DOCTOR STRANGE

Perhaps, we can help.. For I even told Stark to his face I would sacrifice him and Spider-boy to save the universe. I told Thanos our will, referring to me and Corporate Red, is equal to his.

WONG

You mean?

CABLE

We have to help Thanos destroy this universe to save the original timeline and to save all of realities.

DOCTOR STRANGE

Well there's one problem with that.. Thanos is dead..

CABLE

Defeated by Corporate Red in this reality I know..

WONG

No, not by Corporate Red. By one Tony Stark..

CABLE

The fuck is going on here?

WONG

He was killed twice.. First by the Asgardian Thor on Titan 2. That Thor then later went back to Asgard. He then came back chubby..

CABLE

(annoyed)
What else?

DOCTOR STRANGE

Second time when the Avengers reversed the snap. During that battle Stark gain access to the Infinity Stones and snap away Thanos and his entire army. The energy of the snap later killed Stark.

CABLE

This is all wrong..

DOCTOR STRANGE
Is Stark suppose to be dead?

CABLE
No..

CUT TO:

INT. HISTORICAL ROOM

Wong is going through different newspapers. Cable notices one newspaper that appears, altered. They then see the photo of Captain America with Peggy Carter.

WONG
This is wrong.. Agent Carter never married Captain America.

CABLE
I respect the man, but he went to far. Threatening all realities for what? For a damn woman? For a fucking dance?

DOCTOR STRANGE
Corporate Red warned both me and Wong about the changes of this timeline, before the arrival of Thanos. We were aware..

WONG
During the post snap The Avengers went traveling through the multi-verse to retrieve the Infinity Stones.

CABLE
By doing that ripples were caused and realities altered. The Avengers and Captain America are public enemy number one on every dimensional travelers radar, with Khang at the top of the food chain.

DOCTOR STRANGE
So Khang should be viewed as hostile?

CABLE
If you're not on his side. I must warn you both, this isn't Thanos you're dealing with.
(MORE)

CABLE (CONT'D)

This is a high level dimensional threat you won't be able to stop. The greater threat..

WONG

Without the Time Stone we won't be able to stop him.

DOCTOR STRANGE

How many dimensional threats are out there?

CABLE

Khang, Galactus, Queen Edea.. Heck even some of the dimensional Corporate Red's would be considered one if word reached out. I met a barbaric Corporate Red in a mirror universe, where the Nazi's won World War II and Red aligned with Edea by betraying The Corporation.

WONG

We can't rely on the remaining Avengers.

DOCTOR STRANGE

No, they'll get in the way. Perhaps a hero from a different reality?

CABLE

Just give me a name.

DOCTOR STRANGE

You should be familiar..

CABLE

Who?

DOCTOR STRANGE

Once forgotten by society, and was a unsung hero of the Chitauri Invasion in this reality. He has fought battles against wicked forces in both public and secret. He defeated the original Ultron, before Stark resurrected it. He defeated the most powerful being on earth, Queen Edea. He's 2-0 against the Hulk.

(brief silence)

To many he is known as The Forgotten Ranger. To a few he is known as the Secret Avenger.

CABLE

Also known to a few as Next Gen Quantum, and to many as Corporate Red. Alright, I'll find the him. Worse case we may have to recruit teen Corporate Red.

DOCTOR STRANGE

That's risky.. Teen Red may not be able to handle what we're going to tell him.

CABLE

Like I said worse case. After all he was the chosen one before Stark snapped his fingers.

WONG

Can we accompany you?

CABLE

Computer.. Locate Corporate Red..

COMPUTER

Which reality?

Cable's cosmic cube shows a projection of different realities.

DOCTOR STRANGE

Can you locate the reality where there's a Corporate Red with no Avengers?

CABLE

Computer..

COMPUTER

Processing..
(brief silence)
Located..

CABLE

Computer teleport..

An energy line consumes the three as they teleport.

CUT TO:

EXT. PARALLEL AVENGERS FACILITY

A Captain America is seen being thrown to the floor. He rolls hard across the floor.

He has blood on right side of his mouth. He slowly gets up as Khang is seen with his hands folded together behind his lower back.

CAPTAIN AMERICA
I can do this all day..

KHANG
Time has run out for you, Captain.

Captain America throws his famed shield, but it goes through Khang's body. The famed shield stops in mid-air as it slowly levitates towards Khang who turns around and grabs it. Khang tosses Cap's shield back to him. Khang then fires multiple lasers from his right point finger at the hero as Cap blocks with his shield. The scene on the face of the hero as the sounds of the lasers hitting the famed shield eventually stop. He puts his shield down as Khang is nowhere to be found. Suddenly a laser sound is heard as Cap's face goes awe. Khang has shot a laser at the Avenger from behind at close range. Cap falls on his chest. Khang turns around..

CUT TO:

The Avengers arrive on the scene.

CUT TO:

Khang is nowhere to be found. Tony Stark, Hank Pym, and Reed Richards rush to the fallen hero. Stark goes down on one knee and turns Cap around who is dead with his eyes open.

CUT TO:

EXT. PARALLEL TOKYO

Usagi and Mamoru are standing next to Mamoru's motorcycle, staring at the city. It's a clear starry night. Usagi is standing next to her love, with her arms wrapped around his right arms and resting her head on his right arm. The two are speaking in Japanese.

USAGI
Mamoru

MAMORU
Hmm..

USAGI
Perhaps its time we start thinking
about giving birth to our future
daughter, Cbibi-Usa?

Suddenly a bright light and hollow noise fills the scene. The two cover their eyes and a brush of wind coming out of the fracture of time.

USAGI (CONT'D)
 (loud tone)
 Mamoru

MAMORU
 (loud tone)
 What is that?

FADE INTO

EXT. TOKYO

The other Sailor Scouts have now arrived.

USAGI
 Anything Ami?

Amy is scanning the fracture with her computer visor and typing on her mini keyboard.

AMI
 It's a fracture in the space time continuum.

REI
 Could it be a time portal from Crystal Tokyo?

MINA
 Did something happen?

MAKATO KINO
 Maybe its Chibi-Usa sending us a message?

AMI
 I don't know.. Perhaps? Or it could be a doorway to a parallel universe, or another dimension. It could be someone requesting for help, or a trap, or..

EVERYONE EXCEPT AMI
 Or..

AMI
 Just a temporary gateway to another time or dimension..

MINA

Sounds like the opportunity to go
on an adventure.

MAKATO KINO

I'm game..

Suddenly a time portal opens and quickly enters Sailor Pluto.

EVERYONE EXCEPT OUTER SCOUTS

Sailor Pluto..

The time portal closes behind her.

SETSUNA MEIOH

I bring you all disturbing news.
But it seems you have seen a
glimpse of it.

Everyone then turns their attention Michelle and Haruka
arriving on the scene.

MICHELLE

The sea is roaring..

HARUKA

Mirrors cracking..

SETSUNA MEIOH

Realities are shattering..

USAGI

What is going on?

SETSUNA MEIOH

There is a universe out there that
threatens all of realities. It has
even wiped out the existence of
Crystal Tokyo.

USAGI

You mean Chibi-Usa?

SETSUNA MEIOH

I'm sorry Queen Usagi. What you see
here is a fracture in time caused
by a threat to the multi-verse.
However we can help restore Crystal
Tokyo, along with other realities
that were wiped out, by removing
the source.

MAMORU
 (angered tone)
 What has the Nega-Verse done now?

SETSUNA MEIOH
 These are not the actions of the
 Nega-Verse, King Mamoru. Rather
 they are the actions of a human
 from another universe.

HARUKA
 Good or evil, he or she will be
 destroyed.

Everyone turns their attention to Hatoru arriving on the scene. Her head lowered with her eyes closed. She lifts her head up and eyes open.

HATORU
 Earth 616 must be destroyed.. I,
 Sailor Saturn, the planet of
 destruction, will make sure of it.

FADE TO BLACK.

EXT. PARALLEL NEW YORK CITY

It's a parallel 2019 as a brief scene of Lower Manhattan view from Brooklyn is shown. The sunset shines brightly against the Twin Towers.

FADE INTO

INT. CORPORATE RED'S APARTMENT

The hero is now slowly entering his apartment as he closes the door. As he puts his bag down, suddenly a brush of air as fracture in time appears in his apartment. He covers his face at the blinding light, which then settles down. The hero looks around figuring out what he should do. He puts his hand halfway into the fracture and pulls it out. Staring at his right hand which is fading in and out. With a determined stare he enters the fracture in time. Meanwhile an energy line starts forming in the room and appears Cable, Doctor Strange and Wong.

CABLE
 Corporate Red..

DOCTOR STRANGE

Wong goes through a hallway and checks the other rooms.

WONG
He's not here..

DOCTOR STRANGE
Maybe he went through there?

WONG
Cable..

CABLE
A fracture in time, caused by the
Avengers and Captain America.
(plasma eye lights up)

DOCTOR STRANGE
Lets go after him..

The three stare at each other and then enter the fracture one by one.

CUT TO:

EXT. ALTERNATE NEW YORK CITY

Once reaching the other side the three find themselves in Central Park of Earth 616. Corporate Red who is with Sam Wilson, Bucky Barnes and old man Captain America. Old man Cap is sitting on a bench. Sam Wilson is seen holding Cap's shield.

CABLE
Damn..

DOCTOR STRANGE
Captain America? You're.. old..

WONG
Captain Rogers, you've violated
natural law..

DOCTOR STRANGE
Corporate Red, its good to see you
again.

CORPORATE RED
Do I know you?

DOCTOR STRANGE

Not yet.. In due time.. That is if I ever become Doctor Strange in your universe. Let's just say in my universe, you're an unsung hero.

The hero turns towards Cable.

CORPORATE RED

Cable?

CABLE

It's good to see you again Corporate Red.

WONG

Corporate Red, I'm a huge fan..

CORPORATE RED

Thanks.. So what's this about the elderly here disrespecting natural law?

DOCTOR STRANGE

You were suppose to come back here after returning the Infinity Stones.

CABLE

What have you done?

Old man Captain America looks distraught and looks down. Cable grabs Captain America's collar shirt with his metallic arm lifting him off the bench.

CABLE (CONT'D)

(loud tone)

What have you done?

SAM WILSON

(loud tone)

Hey..

Bucky Barnes metal arm grabs Cable's metal arm.

BUCKY BARNES

Put him down..

CABLE

Back off son..

WONG

Cable, if you kill him there's no saving the multi-verse.

Doctor Strange and Wong pull back Cable who releases the grip. Barnes goes to check on Cap and helps him back to sitting on the bench.

SAM WILSON

What's going on?

Suddenly multiple time portals are opening and enter Sailor Moon and her Sailor Scouts along with Tuxedo Mask. The heroines are speaking in Japanese.

SAILOR SATURN

That's him..

SAILOR PLUTO

Captain America? You're.. old..

SAILOR NEPTURE

That explains it..

SAILOR MERCURY

He truly is a man out of time..

CUT TO:

Sailor Uranus lifts her right hand up with energy forming.

SAILOR URANUS

World.. Shaking..

Sailor Uranus slams her fist to the ground as energy ball forms traveling towards the group. Everyone except Captain America moves out the way. Doctor Strange quickly gets in front of Captain America and uses his magic to form a portal which the energy ball enters. Strange then closes the portal. Wong opens a portal behind the heroines and Tuxedo Mask as Uranus's sphere comes charging at them. Sailor Neptune pulls out her iconic mirror and the energy ball fades. Sailor Uranus then pulls out her iconic sword and puts it at the throat of Bucky Barnes. Sailor Pluto aims her staff at Sam Wilson. Sailor Saturn aims the tip of her staff at Doctor Strange. The heroine with her eyes closes grins and then quickly turns around placing the blade of the staff under Captain America's chin.

SAILOR SATURN

Captain Rogers, you and the Avengers have disrespected natural law.

BUCKY BARNES

Can anyone translate what they're saying?

SAM WILSON
Don't look at me..

The Sailor Scouts stare at each other. Sailor Moon starts speaking in English, along with the rest.

SAILOR MOON
I am Sailor Moon, the champion of justice.

SAILOR SCOUTS
We're the Sailor Scouts, defenders of the universe.

TUXEDO MASK
I'm Tuxedo Mask..

Everyone hears a guitar, and its none other than..

CABLE
The fuck you're doing here?

DEADPOOL
Oh don't mind me.. I'm just a Deadpool breaking the 4th wall.

CUT TO:

The Sailor Scouts raise their eyebrows with a drip of water down their face.

CUT TO:

The scene zoomed in on Deadpool's hand as he hits the guitar.

CUT TO:

EXT. PARK

A brush of wind with dirt blowing across the ground as everyone looks around with Deadpool nowhere to be found.

SAILOR MOON
Hey, where did he go?

CABLE AND SAILOR PLUTO
Who cares?

CABLE
(Wade must've had my timecube repaired.. son of a..)

SAILOR NEPTUNE
(arms folded)
Back to the issue at hand..

SAILOR PLUTO
Captain Rogers you have violated
natural law. In this unstable
reality that is not suppose to
exist now lies two Captain
America's.

CORPORATE RED
Two captain's?

SAM WILSON
Cap had every right to relive his
life.

CABLE
Relive his life and destroy several
other realities in the process?
That's not justice.. That's the
problem with you Avengers..
Collateral damage follows you
everywhere you go..

SAM WILSON
You're not going to come here and
threaten our universe.

SAILOR PLUTO
A dying universe that should be
dead.

BUCKY BARNES
Cap didn't do anything wrong..

SAILOR MARS
I've seen the visions. This man has
already wiped out several realities
because of his actions. Including
our future reality, Crystal Tokyo.

SAILOR PLUTO
This alternate reality is not
suppose to exist.

SAILOR SATURN
For your crimes for disrespecting
natural law, for disrespecting
time, endangering the multi-verse,
you will die.

Sailor Saturn quickly aims the tip of her sharp staff at Cap's forehead.

DOCTOR STRANGE
Someone is here..

SAILOR MARS
I sense him too.. A powerful
entity..
(worried tone)
Oh no..

SAILOR MOON
Rei..

Suddenly someone is grabbing Cap's throat as the old man is using his hands to try to remove the grip as he is being lifted off the bench. Whoever this individual is, also softly pushes away Saturn's long weapon staff. The heroine with her eyes widen a little. Suddenly the invisible individual uncloaks and reveals himself.

CABLE AND SAILOR PLUTO
(loud tone)
Khang

Everyone except Cable and Sailor Pluto runs up to him, but gets pushed away by a invisible energy force from Khang that slows down time, and then time proceeds to normal once they hit the ground. The dimensional time traveler continues to grab old man Cap by the throat.

KHANG
I lost my wife and daughter because
of you.

Corporate Red goes for a punch, but he goes through Khang's body and rolls across the ground. Sailor Moon goes over to him and kneels down holding the hero in her arms. Sam Wilson and Bucky Barnes charge at him as well and start punching and kicking. But their punches and kicks just go through his body. Khang tosses old man Cap to the ground. Cap then grabs his right arm and appears to be in extreme pain. Sam and Bucky go to check on him.

KHANG (CONT'D)
(at Bucky Barnes)
That stupid smile of yours face
faded quickly.

Khang extends his hand as Cap's shield breaks free from Sam's grip. He then shatters the famed shield into two pieces and drops them to floor. Corporate Red's eyes widen, along with the Sailor Scouts.

Sailor Moon is seen with her right hand over her mouth, and then lowers it. Bucky Barnes stares at Khang in guilt.

KHANG (CONT'D)

You knew he went back and planned to stay.

SAM WILSON

What is he talking about?

KHANG

In this alternate reality he allowed the Chitaura InVasion, Hydra takeover of S.H.I.E.L.D. and the snap to happen.

SAM WILSON

That's crazy.. Cap would never
(stops his sentence)

Captain America starts holding his right arm in pain.

BUCKY BARNES

Steve..

Captain America passes out and falls on the ground.

SAM WILSON

(screams)
Cap..

Sam Wilson starts doing cpr on Cap's chest. Sailor Mercury is giving Captain America mouth to mouth cpr.

SAILOR URANUS

(yelling)
What are you doing?

SAILOR MOON

Killing him is not the answer..

SAILOR URANUS

You're wrong.. Killing him will save the multi-verse.

SAILOR PLUTO

Several realities were wiped out because of his actions, along with the Avengers.

CABLE

Over a woman.. Over a dance..
 Captain America, I don't salute
 you. I hope you don't rest in
 peace, bitch.

Sam Wilson stops the cpr and slowly moves his hands away as
 Sailor Mercury lifts his head under her hands.

SAILOR MOON

Is he?

CUT TO:

EXT. SAILOR MERCURY'S VISOR

A brief scene of Sailor Mercury's visor in first person

EXT. PARK

She slowly lifts up her visor over her eyes and through her
 bangs.

CUT TO:

SAILOR MERCURY

He's gone..

KHANG

We have saved the multi-verse..

WONG

(lound tone)

We needed him alive to track the
 source.

KHANG

The source was cornered, and
 annihilated.

CORPORATE RED

You monster..

(quickly transforms into
 Corporate Red and
 screams)

AAHH

Khang's eyes widen as massive energy emits from Corporate
 Red's suit. Cable does a grin realizing how much the hero has
 evolved. The hero then powers down and breathing heavily.

KHANG
 (eyes goes calm)
 Still no match for me.. All that
 screaming was illogical..

Khang walks away with his hands behind his back as a dimensional portal opens. The young hero flies towards him, but its too late as the portal closes behind Khang. The hero slides across the dirt ground, before coming to a stop.

CUT TO:

Meanwhile Professor Hulk, Ronin and Colonel Rhodes arrive on the scene, along with Nick Fury and Agent Maria Hill.

A time portal opens as Khang is now back on the bridge of his ship.

KHANG
 Report..

SCIENCE OFFICER
 Everything is still the same. None
 of the faded have returned,
 including your wife and daughter.

KHANG

I killed different Captain America's in different realities, and then I eventually found the source, and gave him a heart attack.

SCIENCE OFFICER

Killing isn't going to solve anything. You have to go to the time of the source, and alter his course.

KHANG

Then I have to go back and stop myself from killing him.

SCIENCE OFFICER

No, you have to go back further. I know where.. This time you must make sure it is the End Game for that universe.

CUT TO:

EXT. AVENGERS FACILITY

A brief scene of Avengers Facility is shown.

CUT TO:

INT. AVENGERS FACILITY

All the heroes are now in street clothes. Corporate Red is sitting down with both hands resting on his face. Usagi with her arms folded and her chin resting over them on the metal oval table. The Inner Scouts sitting down looking sad as well. Corporate Red and Usagi turn towards each other.

USAGI

Depressing huh?

CORPORATE RED

Yep.. To hear one man's actions threatens the existence of multiple realities.

Usagi lets out a sigh and puts her hand on her stomach.

CUT TO:

NICK FURY

So when Thanos snapped his fingers
he also endangered the multi-verse?
That explains the time rip.

WONG

Corporate Red clearly stated in
order to defeat Thanos the battle
would have to be won in the multi-
verse. The Avengers however
violated natural law hunting down
the Infinity Stones and creating
multiple alternate timelines.

AGENT MARIA HILL

Don't get us started with
individuals from other realities.
We just had one of Spider-man's
nemesis's from another reality
enter our reality.

DOCTOR STRANGE

We encountered a dimensional threat
earlier.

CABLE

Expect more to come..

WONG

Without the Time Stone we won't be
able to stop the ones flooding in.

Brief silence..

AGENT MARIA HILL

Corporate Red, was my best friend.

DOCTOR STRANGE

I'm sorry..

AGENT MARIA HILL

Where is that Corporate Red from?

CABLE

He's from an alternate reality
where he stopped 9/11.

DOCTOR STRANGE

Interesting..

CABLE

There was a Corporate Red that died
after a battle with Ultron.

(MORE)

CABLE (CONT'D)

He suffered critical wounds while protecting the Young Avengers against the AI. When I learned about that reality myself and Bishop time travel to warn that Corporate Red. It resulted in him stopping 9/11, information provided to him by me and Bishop. I wasn't willing to tell him about the NY event, but Bishop felt it be hypocritical since we were already changing his future.

Professor Hulk walks up to Corporate Red.

PROFESSOR HULK

Did you ever encountered anyone name Bruce Banner or face the Hulk?

CORPORATE RED

(sits up)

No.. Why?

PROFESSOR HULK

Nothing..

NICK FURY

In our reality you kicked his mother fucking ass twice.

CABLE

Don't shit me..

CORPORATE RED

Really?

BISHOP

The brother gave him a ass whipping?

NICK FURY

He sure did.. The best agent S.H.I.E.L.D. ever had.

BISHOP

Twice though.. A hero kicked the Hulk's ass twice? Damn..

CABLE

The Hulk of this universe is a..

MAMORU

If you guys don't mind we need to figure out how we're going to save the multi-verse?

Dr. Hank Pym enters the room.

NICK FURY

Dr. Pym..

DR. HANK PYM

(not pleased)

Fury..

Brief silence

AGENT MARIA HILL

Pym?

DR. HANK PYM

I need Fury, Cable, Banner, Stephen and Terrell, to come with me, now.

CUT TO:

INT. LAB

Fury, Cable, Dr. Banner, Doctor Strange and Corporate Red are all surrounding a metal table, with a body covered. Dr. Hank Pym removes the body. Everyone's eyes widen. The body is none other than a Skrull.

DR. BANNER

Steve?

CABLE

That's not Cap..

NICK FURY

That's a Skrull..

CABLE

The fuck is going on Red?

CORPORATE RED

During my battle with Queen Edea, Captain America, Black Widow and Hawkeye came to try to rescue me from Edea and the Skrulls. Edea blacked us out.. I had lost contact with Cap and the others after.

DR. HANK PYM
That explains it.. Cap, Widow and
Hawkeye were replaced..

CABLE
There's a Secret InVasion brewing..

DR. HANK PYM
Which this universe doesn't have
time for. Perhaps in another one..
Right now you all have to go back
and stop the snap and stop this
Captain America or whoever this is
from staying in the past.

CORPORATE RED
We need an army.. If we're going to
stop Avengers, and Thanos, we need
a army.

CABLE
What's on your mind?

CORPORATE RED
Let's recruit different heroes from
the multiverse.

BISHOP
Its a shot..

SAILOR PLUTO
Risky, but its a chance we can't
down.

DR. HANK PYM
Where do we start?

Corporate Red turns to Cable, Bishop, and Sailor Pluto and
grins. Bishop and Sailor Pluto try to not laugh realizing
what Red is signaling to Cable for.

CABLE
Fine..

The group then departs the room. Once the room is cleared an
individual uncloaks.

CUT TO:

INT. KHANG'S BRIEFING ROOM

Khang is in his briefing room staring at a universal map. The

Cable quickly enters the room through a time portal that quickly closes behind him.

VANESSA

Can you knock?

WADE WILSON

It's okay my love.. When you have time on your hands, there are no doors.

VANESSA

Well..

CABLE

You better be glad dimensional time travelers don't know about you using my cosmic cube to get back with her.

WADE WILSON

Alright pebbles.. You want to..

CABLE
Look Wade, I.... I....

WADE WILSON
Say it..

CABLE
I need your help..

CUT TO:

EXT. PARALLEL XAVIER SCHOOL

SETSUNA MEIOH
We're looking for Professor Charles Xavier.

FADE INTO

INT. DINING ROOM

PROFESSOR XAVIER
Good morning, I'm Professor Charles Xavier.

SETSUNA MEIOH
I am Setsuna Meioh. This is Usagi and Mamoru. We are from Tokyo, Japan.

DR. HANK PYM
Welcome to Rochester, New York. You've traveled a long way.

SETSUNA MEIOH
Well, we've traveled from a different realm. This may sound complicated..

PROFESSOR XAVIER
These days nothing sounds
complicated. Isn't that right
Logan?

Logan is seen entering wiping his hands with a cloth.

LOGAN
You can say I just came back from a
timely trip.

Sailor Pluto reads his mind.

SETSUNA MEIOH
So our situation shouldn't be
complicated.

JEAN GRAY
It shouldn't.. You three aren't
from here.. This universe that is..

Logan tries to not laugh..

LOGAN
What are they? Aliens..

JEAN GRAY
(tries to not laugh)
No Logan..

SETSUNA MEIOH
We are from a parallel universe.
We've come with urgent news.
Somewhere in the multi-verse one
man's actions has threatened the
existence of all realities. We need
you Professor Xavier and the X-MEN
to join our army. You may read my
mind to understand..

PROFESSOR XAVIER
That will not be necessary, for I
to have sense a disturbance in the
space time continuum.

DR. HANK MCCOY
I too have been monitoring the
events. How much time?

SETSUNA MEIOH
I don't know, but we must stop the
source.

STORM

Do you know where?

SETSUNA MEIOH

We do.. Myself and several allies are going through different universes to recruit heroes, and possibly villains. The universe at the source of the problem must also be destroyed.

JUBILEE

Destroy an entire universe?
Bummer..

LOGAN

Shit happens..

JUBILEE

Logan, you can't be serious?

GAMBIT

Logan is right.. Its survival of the fittest.

ROGUE

I wonder if in that same universe if I ever got my powers?

PROFESSOR XAVIER

I'll gather my X-MEN.

SETSUNA MEIOH

I will open a portal.. That portal will lead to our Secret War..

DR. HANK MCCOY

Charles, do you plan to..

PROFESSOR XAVIER

Yes, I will..

DEADPOOL

I have a bad feeling about this mirror universe.

CABLE

I found him.. He's down there..

The two look down the cliff where its pitch black.

DEADPOOL

No way he could've survived that fall.

CORPORATE RED

I've survived higher..

CABLE

Let's move..

The three teleport to the bottom of the cliff and walk up quickly to Tommy Oliver.

CABLE (CONT'D)

she won and conquered earth.

DEADPOOL

Damn, no Lord Zedd?

TOMMY OLIVER

Who?

DEADPOOL

Nothing..

CORPORATE RED

We need your help Mr. Oliver.

TOMMY OLIVER

Power Rangers always help when
there's danger.

CORPORATE RED

There's a danger to the multiverse.
One universe threatens the
existence of all realities.

DEADPOOL

We're going to destroy the Marvel
Cinematic Universe..

TOMMY OLIVER

The what?

CABLE

There's a timeline that has to be
destroyed the secure the safety of
the multiverse.

DEADPOOL

We want to recruit the greatest
Power Ranger on our team. No matter
which universe he's from.

TOMMY OLIVER

I'll be glad to assist..

Brief silence

TOMMY OLIVER (CONT'D)

I must say that's a interesting
artifact you have there.

Time travel is pretty bad ass..

CABLE

Don't even think about it, Tommy
Oliver. Or do I call you, Lord
Drakkon..

Corporate Red and Deadpool quickly step away as the evil
Power Ranger does his fame iconic evil laugh.

LORD DRAKKON

Fools..

CORPORATE RED

Tommy?

CABLE

In this universe, this Green Ranger
after being defeated by Jason chose
to stay with Rita. This Green
Ranger killed Jason and Kimberly,
and even destroyed Count Drakkon
who was invading earth to overthrow
Rita. Tommy took his powers, and
also murdered Jason who in this
universe would've become the White
Ranger. By merging the mantles of
Green, White and Drakkon he became
Lord Drakkon.

Lord Drakkon pulls out his Dragon Dagger.

LORD DRAKKON
Time ends for you all.

Corporate Red pulls out his sword and plasma gun. Deadpool pulls out his katana's and Cable aiming his plasma gun at Lord Drakkon.

CABLE
We don't have time for this..

LORD DRAKKON
That's unfortunate..

Lord Drakkon helmet forms and he battles the three. Drakkon's daggers collides with Red's sword. The two piercing the two against each other as the two get closer to reach other. Deadpool is seen jumping in center with a double swipe of both his katana's as the two move out the way, Drakkon dodges all of Deadpool's swipes from both katana's. I also was in a war with her son, Norman, the Silver Ranger a few years later. An old friend Catherine, Shadow Ranger helped me in m war against him.

CABLE

I don't mean to cut the story short..

ZORDON

Please Cable, I wish to hear the urgent news.

CABLE

One of the universes in the multiverse has endangered all realities. We're traveling the multiverse to recruit different heroes in our Secret War against Earth 616.

ZORDON

I recently detected a strange anomaly in the space time continuum.

CABLE

It was caused by several heroes,
but one in particular who had no
regard for his actions. In order to
save the multiverse we have to
destroy the Earth 616 universe.

JASON

Power Rangers don't destroy..

TOMMY OLIVER

We may not have a choice..

JASON

Lord Drakkon had a choice..

CABLE

Jason, if we don't stop Earth 616
this universe will eventually cease
to exist.

BILLY

Zordon, is he telling the truth?

ZORDON

I'm afraid so Billy.. Power
Rangers, what you encounter in the
mirror universe is nothing compared
to the Secret War you're about to
embark on. Cable, you have my full
support in this one.

CABLE

We have?

CUT TO:

THOR

That sounds like a threat.

A time portal opens..

SAILOR PLUTO

You forced our hand by tampering
with natural law.

CORPORATE RED

The bill is due..

CUT TO:

THANOS

So, I won, and then they broke the
timeline, threatening other
realities. Yet wasn't it I trying
to bring balance to the force?

CUT TO:

CORPORATE RED

You was suppose to restore the
force of this reality, not snap it.

THANOS

Only you and the Doctor knew this
reality couldn't be saved. There
was no other choice.

CORPORATE RED

At what cost? By bullying your way
onto people's planets? Their
doorsteps? Heisting the Infinity
Stones.

THANOS

A cosmic war was needed to gain the
Power Stone. Xander put up a fight,
but they never stood a chance.
Once I had the Power Stone, my
universal Heist for the Infinity
Stones began.

CABLE

We're here stop you and the
Avengers.

(turning to each of his
allies)

We have to hurry, according to the
cube Doctor Strange is going to
open some portals and the
floodgates will be open.

SAILOR PLUTO

If that happens I will open portals to bring in our allies from different universes. This will turn into a war to save the multi-verse. Even if it means we have to destroy Thanos, the Avengers or anyone in this reality that gets in our way.

CORPORATE RED

Remember, no killing.. We just get our hands on the Infinity Stones.

IRON MAN

Prodigal son betraying his father?

CORPORATE RED

Says the man who betrayed the other for a fake Spider-man.

Thanos looks around..

THANOS

A triangle formation..

IRON MAN

(raising both his hands
while powering up)
Stand down.. All of you..

THANOS

Perhaps a warm up round..

Thanos makes a fist with the Infinity Gauntlet. Suddenly several zombies appear on the scene. The zombies represent the heroes that were killed by Thanos. They are Black Panther, Bucky Barnes, Scarlett Witch, Falcon, Drax, Starlord, Mantis, Groot, Doctor Strange and Spider-man. Logan and Spider-man go into defense stance, along with Corporate Red who pulls out his sword. Cable pulls out his plasma gun, as Bishop and Sailor Pluto just stare.

THOR

He's bought them back..

IRON MAN

As zombies..

CORPORATE RED

We can't kill them..

LOGAN

We don't have any options..

CORPORATE RED

I won't..

LOGAN

Pete..

SPIDERMAN

Right behind you..

Spider-man jumps on Logan's right shoulder and side flips while shooting a web at Drax's face and pulls him down as he smacks into the ground. The web-head shoots webbing at the other zombies. Logan then stabs away at Black Panther, Bucky Barnes and Falcon. Sailor Pluto fires on Mantis. Cable fires on Starlord and Groot. The zombie Spider-man and Scarlett Witch remain. Adult Spider-man takes off his mask and has a serious stare at the zombie Spider-boy. Sailor Pluto blasts the two away.

SAILOR PLUTO

I'm sorry Peter..

Spider-man lowers his head and puts his mask back on.

CABLE

Enough of this shit..

SAILOR MOON

Cable..

Cable fires plasma gun at Cap who blocks with his famed shield. Iron Man fires at Cable who screams as he gets knocked down. Spider-man shoots webbing at Iron Man who then gets blasted by Sailor Moon. Sailor Pluto twirls her staff and then aims at Cap.

SAILOR PLUTO

Dead scream..

Sailor Pluto fires a purple sphere. Thor knocks it away with his hammer. Sailor Pluto knocks it back which hits Thor and knocks him down. Steam emits from his body caused by the cosmic blast. Sailor Moon screams as she fires another cosmic beam from her weapon staff at Captain America who is down on one knee blocking the plasma wave. Bishop fires plasma from both his hands as Cap continues to block. Meanwhile..

THANOS

Who's first?

Corporate Red jumps in the air and swipes his sword at Thanos who ducks sideways. Spider-man shoots multiple webs at Thanos from the one knee position.

SPIDERMAN

Now..

Logan starts stabbing away at Thanos from the front and then stabs his shoulders and jumps behind him stabbing away at his back. Thanos is able to break free from the webbing. Suddenly a time portal opens and enters Deadpool.

DEADPOOL

So this is what all the fuss is about.. Talk about a battlefield..

CORPORATE RED

Who's that?

DEADPOOL

Corporate Red.. My bitch..

LOGAN

Wade, shut your mouth and help us out here.

DEADPOOL

Say please..

LOGAN

No..

CORPORATE RED

Please..

DEADPOOL

My tiger..

Deadpool pulls out his katana's and does a double stab that pierces both Thanos and Logan.

LOGAN

Ah..

Thanos grabs the two katana's and pierces himself more.

THANOS

You think you can stop me merc?

DEADPOOL

Wait a minute?

Deadpool stares at Thanos, and then at Cable, and then back at Thanos.

DEADPOOL (CONT'D)

What is going on here? Hey Josh what is..

Thanos kicks Deadpool, knocking him into Corporate Red, as the two fall down. Thanos grabs Logan and tosses him towards Spider-man, and the two fall. Cable and Bishop then turn their attention to Thanos and start firing on him. Thanos takes a few hits, while pulling the two katana's out of his body and tosses them back to Deadpool. The two stop firing on the mad titan. Deadpool picks them up and stares at Thanos blood on the blades.

DEADPOOL (CONT'D)

Deadpool then turns his attention to Thor is who getting up.

DEADPOOL (CONT'D)

Son of Odin? You're.. Fat..

THOR

I had a long day..

THANOS

It seems we're all at odds.

CORPORATE RED

Deadpool, after we take down Thanos we have to restore the original timeline.

DEADPOOL

I'm with you tiger. Let's destroy the Marvel Cinematic Universe..

IRON MAN

Over my dead body..

CORPORATE RED

Oh if you only knew..

Iron Man and Corporate Red stare at Thanos.

THANOS

(at Corporate Red)

So you're the one, cursed with knowledge. You were the original chosen one, before he snapped his iron fingers.

CORPORATE RED

So Thanos did travel to different realities..

THANOS

To bring balance to the force..

CABLE

Which forced the Avengers into the quantum realm creating alternate realities and this man erasing a reality. I'm sorry Cap, but in order to save the multi-verse.

Cable and Bishop fires on Thor who drops his hammer. Thanos gets up and starts walking towards Thor.

CORPORATE RED

There has to be another way..

Everyone looks around and hears a voice saying..

KHANG

There is no time for this.. Captain Rogers, you shall die.

CORPORATE RED AND THANOS

Khang

CORPORATE RED

A threat greater than Thanos.

KHANG

You're actions threaten the existence of all of realities. You erased a reality, and for that you must be destroyed.

CORPORATE RED

We don't have to destroy Cap. We can correct him.

KHANG

Time waits for no one. Peace always leads to destruction. You are too soft..

THANOS

Show yourself..

KHANG

In due time..

Thanos becomes enraged and starts pounding on Thor.

THANOS

Asgard shall go into extinction at the hands of your death.

THOR

Go ahead make my day..

Just as Thanos was about to go for the fatal punch suddenly Corporate Red flies towards Thanos and lifts the hammer smacking Thanos upward and knocking him down. Sailor Moon stops firing as everyone stares in awe.

DEADPOOL

We must hurry..

Captain America and Agent Peggy Carter are having a conversation. The two stop dancing as the door bursts open by Khang. Sailor Pluto blocks him with her time staff. Enter Cable and Corporate Red enter afterwards. Corporate Red falls down on one knee fading in and out. Khang continues to fade in and out as well.

AGENT CARTER
You're fading..

CORPORATE RED
It's because of him..

CAPTAIN AMERICA
Me? Corporate Red what are you
doing here? What's happening?

AGENT CARTER
Corporate Red?

CAPTAIN AMERICA
He's from the future.. The future I
just came from.. I'm not going
back..

CORPORATE RED
A future you're about to make non-
existent because of your actions.

CABLE
Agent Carter, Captain Rogers, my
name is Cable. I am an X-MEN from a
parallel reality. My son was also
wiped out from existence because of
Captain Rogers actions.

SAILOR PLUTO
The multi-verse has been threaten
because of your actions.

KHANG
I lost my wife and daughter because
of you
(tearing up)

CORPORATE RED
Steve, you have to go back.

CAPTAIN AMERICA
No, I am staying here. This time
she won't live alone. This time she
won't get Alzheimer's. She won't
have to constantly think about me.
I'm staying..

CORPORATE RED
If you don't go back more realities
will cease to exist. Look what's
happening to me.

CABLE

(pulls out plasma gun)
You're coming or I'll take you by
force..

CORPORATE RED

Cap..

AGENT CARTER

Steve look at me.. Look at me..
(puts both hands on his
face and the two dance)
Dance with me..
(the two having their
dance)
I'll always love you, no matter
what. No matter the time, or place,
I'll always love you. But if you
coming here to stay with me means
that other universes, other lives
out there are being threaten for
our moment, you have to go back.

CAPTAIN AMERICA

I can't..

AGENT CARTER

If you truly love life, if you
truly love me, you'll go back.
Look.. Look what's happening..

Corporate Red's body is fading in and out. Cable then stares
at his metal arm and his non-plasma eye widens at its slowly
fading in and out.

AGENT CARTER (CONT'D)

You staying here is wrong. You have
to go back.

Captain America starts tearing up.

CAPTAIN AMERICA

I don't wanna go..

AGENT CARTER

You have to.. Its the right thing
to do. You hate bullies don't you?

CAPTAIN AMERICA

Yes..

AGENT CARTER

By you staying here you are playing
the role of the bully and
threatening others lives.

Carter rests one hand on Steve's face.

AGENT CARTER (CONT'D)

I love you Steve..

CAPTAIN AMERICA

I love you Peggy..

Corporate Red slowly gets up.

CORPORATE RED

Come on Steve..

Corporate Red grabs Captain America's right arm. Cable,
Sailor Pluto, Khang, Corporate Red, and Captain America enter
the time portal and it closes. Agent Carter has streams of
tears coming down her face.

FADE INTO

EXT. CENTRAL PARK

Sam Wilson and Bucky Barnes see Captain America come out of
the quantum time portal.

BUCKY BARNES

That was fast..

Corporate Red comes out of the quantum time portal after him.
Followed by Cable..

SAM WILSON

Corporate Red? The Power Ranger?

CORPORATE RED

(taking off his helmet)
I'm not a Power Ranger bub.. I just
happen to be the first Avenger that
said no the Avengers Initiative..

SAM WILSON

The first Avenger that said no?
You're not an Avenger..

CORPORATE RED

Where's Khang and Sailor Pluto?

Everyone looks around as they hear Sailor Pluto and Khang's voice.

SAILOR PLUTO

Corporate Red, Crystal Tokyo has been restored. Other realities that were erased are slowly being restored.

KHANG

So has my wife and daughter.
(brief silence)
Thank you..

SAILOR PLUTO

However, one more task must be completed to guarantee the survival of the multi-verse.

Cable hands Corporate Red the Infinity Gauntlet. Sailor Pluto emerges from a portal and extends her hands as she releases the Infinity Stones. The stones levitate towards Corporate Red as he makes a fist as the Infinity Stones enter their respective holes on the gauntlet.

SAILOR PLUTO (CONT'D)

Restore..

Sailor Pluto smiles and walks backwards as she enters a time portal. It slowly closes in front of her.

CABLE

I better go and watch from the distance as well. It was an honor Corporate Red..

The two shake hands..

CORPORATE RED

I hope to meet again Cable..

CABLE

You will...

BUCKY BARNES

Who are you?

CABLE

I'm Cable, an X-MEN from a parallel reality.

BUCKY BARNES

X-MEN?

CABLE

I see.. Someone or some people had too much fun with the Time Stone.

CORPORATE RED

Myself, Doctor Strange, the Skrull Empire.. In this reality adult Spider-man was glitched and became a minor. Before traveling into the multi-verse myself, Cable and Deadpool went to a planet where the Infinity Gauntlet was created. I was able to get a copy of the Gauntlet.

CABLE

So, you're the Corporate Red of this reality. The other must've been returned to his. I'll have to pay him a visit and thank him.

Doctor Strange and Wong arrive on the scene.

DOCTOR STRANGE

(arriving on scene)
Don't stall now..

WONG

Time waits for no one friend..

CORPORATE RED

With a snap half or all of reality can be wiped out. But with a fist I can bend reality, destroy a reality or restore a reality,

CAPTAIN AMERICA

What will happen to the rest of us?

CORPORATE RED

I don't know.. But Spider-man, or Spider-boy isn't suppose to be a minor. Mutants are missing. Things are out of place. Tony isn't suppose to be dead for that matter.. I have to fix this..

CABLE

You will..

Cable quickly exits through a time portal that quickly opens and closes. Corporate Red then makes a fist with the Infinity Gauntlet and raises it in the air and screams.

CABLE

Thank you Corporate Red, for your
part in saving the multiverse.

CORPORATE RED

When someone threatens life dang
right I will do everything to stop
it.

The two shake hands.

CORPORATE RED (CONT'D)

CORPORATE RED

All the contacts in my phone ave been restored to the original contacts. Just a few changes..

DOCTOR STRANGE

When you used the Infinity Gauntlet Earth 616 was destroyed, along with you're forgotten timeline. As a result Earth 616 and the forgotten timeline merged with your original universe. Both universes merged into this reality which bought an end to all the fractures throughout time.

CORPORATE RED

So two universes were destroyed and a few fragments from them merged with the original timeline.

DOCTOR STRANGE

Like a company buying two companies and merging the two into the main company.

(closes his book)

Welcome back..

CORPORATE RED

Welcome to my universe..

PROFESSOR XAVIER

Corporate Red stares at everyone. He then stares at Xavier who nods his head.

JEAN GRAY

It's been a long time.. Since we lost them in space..
