FADE IN

It's the year 3,000 in..

EXT. ANGEL GROVE

A brief scene of Angel Grove in the year 3,000.

CUT TO:

EXT. TIME FORCE HEADQUARTERS

A brief scene of Time Force Headquarters is shown.

CUT TO:

INT. ALEX'S OFFICE

Alex, the Red Time Force Ranger, is monitoring an event in what will become an alternate reality.

PROFESSOR HULK

"Remember, you have to return the stones to exact moment you got them, or you're going to open up a bunch of nasty alternative realities."

CAPTAIN AMERICA

"Don't worry Bruce, I'll clip all the branches."

ALEX

Computer, freeze feed.. Rewind few seconds..

CAPTAIN AMERICA

"I'll clip all the branches."

ALEX

(He's erased different realities)

CAPTAIN AMERICA

"Don't do anything stupid until I get back."

BUCKY BARNES

"How can I? You're taking all the stupid with you."

The two hug..

BUCKY BARNES (CONT'D)
"I'm going to miss you buddy."

CAPTAIN AMERICA
"It's going to be okay Buck.."

ALEX
Computer freeze feed.. Rewind few
seconds.

BUCKY BARNES
"I'm going to miss you buddy."

ALEX
What have you done?

Alex's slide door is heard opening. He rubs his right hand
across his forehead. Jen, the Pink Time Force Ranger, is seen
arriving by his side.

JEN
Alex..

Alex remains silent..

JEN (CONT'D)
Hey, are you okay?

Brief silence

JEN (CONT'D)
I know that look..
(brief silence)
What happen?

ALEX
Someone's action's just threatened
the entire existence of the
multiverse.

JEN
I'll get the others..

ALEX
Stand down..
(rises out of his chair)

JEN
Where are you going?

Brief silence

ALEX
To attend a timely meeting..

CUT TO:

EXT. KANG'S SPACESHIP

A brief scene of a galactic mothership is shown.

CUT TO:

INT. KANG'S BRIDGE

A door is seen opening as a dimensional watcher enters the bridge of his ship. He is none other than, Kang. He enters the bridge with his wife (Ravonna Renslayer), and their daughter. His daughter extending her arms as she runs playfully onto the ship's bridge. The crew smiles at the child for a brief.

PERSONAL
Lord Kang, we've picked up an unusual anomaly.

Kang, his wife, and the crew, stare out the viewing window of the bridge. There is a energy rip in space.

KANG
There is a disturbance in the force.

SCIENCE OFFICER
There's a disturbance in the space time continuum.

SECONDARY SCIENCE OFFICER
It's a fracture in time.

RAVONNA RENSLAYER
(brief silence)
Begin tracking the source..

SCIENCE OFFICER
Scanning..
(brief silence)
Interesting..

SECONDARY SCIENCE OFFICER
The source is coming from a Terran System of another reality. An unstable reality..

The two are scanning the energy rip.

SCIENCE OFFICER

Detecting several paradoxes in this unstable reality where the fracture originates. Paradoxes taking place within 1963, 2001, 2012, 2016, and 2019 of the unstable reality.

RAVONNA RENSLAYER

Why those realities?

KANG

Identify the unstable reality.

SCIENCE OFFICER

The source is coming from Earth 616. Or an alternate reality of it?

Anger builds in Kang's eyes..

RAVONNA RENSLAYER

I thought you bloodied that ant.

KANG

Continue scanning..

RAVONNA RENSLAYER

Why are the paradoxes taking place on those years? What happen?

KANG

In that reality the following happen. In 1963 President Kennedy was assassinated in Dallas, Texas. 2001 was the destruction of the Twin Towers & the entire World Trade Center complex. 2012 was the Chituari InVasion of Earth. 2016 the United States voted an apprentice. In 2019, Corporate Red defeated Thanos, and saved the universe of that reality.

The crew monitors the events in time.

PERSONAL

Any key suspects my lord?

KANG

Project the events leading up to the rip.

A box is seen opening in the corner screen, and then fills the entire screen.

CUT TO:

The screen shows the Skrull Empire using the Time Stone to take over humanity and their governments.

CUT TO:

The formation of the Council and the Skrull Alliance.

CUT TO:

The birth of Corporate Red under the World's Security Council, and a few years later him becoming Next Gen Quantum under S.H.I.E.L.D..

CUT TO:

Next Gen Quantum is seen using the Time Stone to fight crime.

CUT TO:

He then eventually hands it over to Wong, keeping the promise/oath to protect the Time Stone.

CUT TO:

Doctor Strange is seen making multiple bargains with Dormammu.

CUT TO:

A rip begins to emerge.

CUT TO:

Thanos is seen snapping his fingers.

CUT TO:

Corporate Red in a huge disagreement with the Avengers to time travel.

CUT TO:

The Avengers without Corporate Red's permission make duplicates of his Next Gen Quantum suit, and use them to travel through different time periods, and creating alternate realities.

CUT TO:

It then shows Professor Hulk reversing the snap.

CUT TO:

One scene shows people appearing in the skies, and falling to their deaths.

CUT TO:

Kang stares at the remaining projections, as his wife and crew turn their faces away.

CUT TO:

They then turn towards the projector screen as it shows Tony Stark snapping his fingers with the Infinity Gauntlet, and wiping out the Thanos of another reality, along with his army.

CUT TO:

Kang just stares at the screen. His wife goes to check on their daughter.

SCIENCE OFFICER

That's a bad ripple there..

KANG

The Thanos seen there was from another reality.

RAVONNA RENSLAYER

Is it the same Thanos that fought Corporate Red?

SCIENCE OFFICER

It doesn't appear so. The Thanos Corporate Red sent to Earth 616 was killed by Thor after the events of, The Snap.

RAVONNA RENSLAYER

But he has the same scratches on his face?

KANG

Perhaps a similar, but parallel reality. The Thanos that fought against Corporate Red, Spider-man, The Fantastic Four, Wolverine, and the X-MEN, had the scratches on his face caused by Wolverine's metallic claws.

(MORE)

KANG (CONT'D)

Perhaps that Thanos too had a similar fate, but was not sent to another reality. In most universes Red spares lives, even of his villains.

RAVONNA RENSLAYER

Except those damn hybrids sent by Queen Edea.. Continue..

PERSONAL

The one that lost to Corporate Red? What the heck was Corporate Red thinking by sending him to Earth 616 to terrorize another reality? Another universe..

KANG

Corporate Red failed to realize, Thanos would overtake the weakness and division of the Avengers of Earth 616. Thanos tried to correct that Earth, and wanted to repair the timeline in his retirement. But the Avengers wouldn't let go.

(brief silence as his wife stares at him)

Corporate Red was a great man. But that was another life.

Brief silence

KANG (CONT'D)

The Avengers have fractured the multiverse, and have caused a fracture in their own reality.

PERSONAL

You're orders sir?

KANG

Continue scanning..

SECONDARY SCIENCE OFFICER

Pulling up historical records of Earth 616.

(searching archives)

Brief silence

RAVONNA RENSLAYER

Look, a time shift. President Kennedy's motorcade is shifting from four people, to six people.

SECONDARY SCIENCE OFFICER

There are indeed several changes in television shows, magazines.

(brief silence)

This is interesting.. Lord Kang, there is no records of Corporate Red in Earth 616, or the alternate reality of it.

RAVONNA RENSLAYER

What?

KANG

Any other heroes missing?

SCIENCE OFFICER

Daredevil, Luke Cage, Jessica Jones, Iron Fist, the X-MEN. What in the..

KANG

Report..

SCIENCE OFFICER

Spider-man is a minor..

DEADPOOL

He's been teen'd. No fucking..

Kang punches Deadpool. Upon collision his body disappears.

RAVONNA RENSLAYER

Where to?

KANG

My patience grows thin..

Everyone except Kang's eyes widen.

KANG (CONT'D)

(brief silence)

Save the new code for the altered timeline. Now known as Earth 1999999. All dimensional, and time travelers must be on high alert. The safety of the multiverse is at stake.

PERSONAL

Initiate code red my lord?

KANG

Not yet..

The team enters the new name into the data notes. Kang's wife turns towards their daughter.

RAVONNA RENSLAYER
(screaming)
Kang..

Kang turns around, and is horrified at what he sees. His wife quickly runs up to their daughter who is fading in and out of existence. His wife stares at her hand, and then her body, as she too starts fading in and out.

CUT TO:

Kang quickly goes over to his wife and daughter who are fading in and out. He slowly grabs the hands of his wife with his left hand as he kneels down and touches the face of his daughter with his right hand.

RAVONNA RENSLAYER (CONT'D)
Kang..

KANG'S DAUGHTER
(tearing up)
Daddy..

Kang's family fade into non-existence. Some of Kang's crew also fading away slowly. The crew members that were fading eventually disappear. Kang's remaining crew look puzzled and scared.

SCIENCE OFFICER
My lord, what has happen?

Kang's face goes from distraught to anger. He slowly rises.

KANG
Someone has started a Secret War.
(brief silence)
Initiate Code Red..

SCIENCE OFFICER
Begin search for Corporate Red
variants.

SECURITY
Which one do we select?

KANG
(loud tone)
All of them..
(brief silence and then
normal tone)
(MORE)

KANG (CONT'D)
Including The Forgotten Avenger,
and the Secret Avenger.

FADE INTO

EXT. ALTERNATE WASHINGTON D.C.

A brief view of Washington D.C. is shown.

CUT TO:

INT. PEGGY CARTER'S HOME

A scene shows a photo of Peggy Carter, her husband and children. The photo slowly changes replacing Peggy's husband with Captain America.

CUT TO:

The scene moves away revealing Peggy Carter slow dancing. She stares up, and the individual is none other than, Captain America.

FADE INTO

EXT. PARALLEL NEW YORK CITY

The scene shows a building rooftop with Corporate Red staring at the city. His helmet being held in his right hand. Once the scene zooms closer to him as he stares at his left hand which is fading in and out.

CORPORATE RED
What's happening?

FADE INTO

The scene fades into a black screen with the Avengers Logo and The Forgotten Ranger logo appearing side by side, along with the see through images of two earth's. The two logos as they go near each other trigger a bright cosmic reaction, and then the words Secret Wars appear.

SECRETS WARS

FADE TO BLACK.

FADE IN:

EXT. AXIS OF TIME

Kang with his hands behind his back is in a mysterious dimension where very few have visited. A time portal quickly opens and closes. A man in a silver suit, wearing dark shades, with his hands behind his back slowly walking, and stops.

KANG
Red Time Force Ranger.. Alex..

ALEX
Kang
(brief silence)
Someone has disrupted the matrix of
the multiverse.

KANG
I am aware, and the situation shall
be handled.

The two then turn their heads, and slowly turn around as a sharp bright light emerges as a dimensional portal opens up. Sailor Pluto emerges from the sharp bright dimensional portal, and it fades.

ALEX
Sailor Pluto..

KANG
Setsuna..

SAILOR PLUTO
Greetings.. I have urgent news..

ALEX AND KANG
We know..

Another time portal quickly opens and closes with Cable entering.

CABLE
We have a..

KANG
Situation.. We are aware..

The group turn their attention to a a time portal opening up over the ground level, as Bishop falls onto the floor. Everyone stares down calmly at him. A brief sound of a harmonica is heard playing while Bishop is down.

BISHOP
I hate time travel..

Sailor Pluto helps up Bishop.

BISHOP (CONT'D)
Thanks..

SAILOR PLUTO
Anytime Bishop..
(helps dust him off)

BISHOP
I was in battle..

SAILOR PLUTO
Them Sentinels huh?

BISHOP
You knew? Damn, lend a hand
sometime would ya?

Sailor Pluto giggles then quickly stops as everyone turns to Cable.

CABLE
I'm pretty sure we're all here for
the same situation.

ALEX
What happen?

CABLE
My son disappeared right before my
eyes. I can't find my wife either.

Kang speaks to Cable and Sailor Pluto telepathically.

KANG
(We are aware..)

SAILOR PLUTO
(Someone has disturbed the space
time continuum)

ALEX
I really hate when you all do the
telepathic conversation without me.

BISHOP
I didn't hear anything..

CABLE

I'm not a telepath.. I'm just the listener.. It's more of a reference since my mother was a telepath.

ALEX

Is your mother Jean Gray or Emma Frost?

CABLE

Well, depends on which universe.. You see..

(gets cut off)

BISHOP

Save the who's the mother story for another time. I need to know what is going on? I was out battling sentinels with Wolverine and Storm, and they just vanished.

ALEX

Dusted or faded?

BISHOP

Faded..

Alex paces a few steps with his hands behind his back, with his head lowered. He slowly lifts up his head.

ALEX

(takes off his shades)

Then the actions weren't caused by an Infinity Gauntlet.

SAILOR PLUTO

There are unstable time fractures appearing throughout different realities within the multiverse.

KANG

Someone from Earth 616 has disrupted the space time continuum of the multi-verse.

CABLE

Earth 616, that's the universe where Thanos was defeated by Corporate Red.

KANG

Or so we thought..

CABLE

The heck that's suppose to mean?

Famed outer senshi's calming background music plays for a brief during the explanation of Alex, Sailor Pluto and Kang.

SAILOR PLUTO

In the original timeline Corporate Red defeated Thanos. Instead of killing him, he sent him to live in another reality. In that other reality there was constant use of the Time Stone which glitched the matrix of that reality. The reality we call Earth 616.

KANG

The reality would become unstable. Earth 616 eventually split into two. Whereabouts of the original timeline is unknown, while the alternate 616, which we now call Earth 1999999, continues to grow unstable.

ALEX

After Thanos used the Infinity Stones to wipe out half of that reality he destroyed the Infinity Stones so no one else could use them. He was later decapitated by Thor.

KANG

The Avengers of that unstable reality caused ripples in the multiverse, and altered different realities during their hunt for the Infinity Stones. Instead of moving on they have caused ripples, creating alternate realities, unstable paradoxes, and have caused a disturbance in the force.

BISHOP

What other information have you gathered?

FLASHBACK

A brief scene showing Corporate Red, the Defenders, Deadpool, Cable, Sailor Moon (Queen Usagi), King Damien, Sailor Scouts.

KANG

During his Secret War against Thanos in the multi-verse Corporate Red as Next Gen Quantum along with Deadpool, Defenders, Sailor Moon, her husband, the Sailor Scouts and along with Cable here fought Thanos and the Black Order. Once Red and his faction defeated Thanos the hero wielded the Infinity Gauntlet and bent reality in hopes of restoring the original Earth 616. Then Captain America caused a rip wiping out Corporate Red and the Defenders.

CABLE

Setsuna, and I was there, Bishop. Corporate Red faded in my arms.

BISHOP

The same Corporate Red we saved?

CABLE

No, The Forgotten Ranger.

BISHOP

Damn.. What happen?

FLASHBACK

EXT. SANCTUARY: DOMAIN OF THANOS

The Defenders are seen slowly fading.

JESSICA JONES

Luke..
(staring at her hands
slowly fading)

LUKE CAGE

(staring at his fading
hands)
What's happening?

IRON FIST

(fading in and out)
What is this?

DAREDEVIL

(fading in and out)
Elektra..

ELEKTRA
 (fading in and out)
 Matt..

The Defenders and Elektra fade away. The Punisher is seen being helped up by Cable. The Punisher then stares at his hand forming a disappointed look.

THE PUNISHER
 Damn..

CABLE
 I'll find the bastard..

THE PUNISHER
 Yeah..

The Punisher fades.. Cable is seen heading towards Corporate Red.

CUT TO:

Corporate Red as Next Gen Quantum with his helmet off, and the Infinity Gauntlet in his right hand is fading in and out as he is lays on the ground in the arms of Cable.

NEXT GEN QAUNTUM
 I just wanted to save life.

CABLE
 I will find the source behind this.

Corporate Red slowly starts fading..

NEXT GEN QAUNTUM
 It's too late.. They didn't listen..

CABLE
 (loud tone)
 Damn it..

NEXT GEN QAUNTUM
 It's okay.. We did what we could do..
 (tearing up)
 We knew the Avengers of that reality would never listen.

CABLE
 I'll find the bastards.. I will find a way bring you back Red..

Next Gen Quantum slowly goes blank as he fades into non-existence. Cable touches the cold ground with his metal right hand, and then his fleshy left hand. Cable squeezes his eyes in anger. Suddenly he opens his eyes wide and turns around. Deadpool walks towards Cable holding his stomach.

DEADPOOL

Damn, this is it.. The PG rated just couldn't get down with the R rated.

Deadpool falls onto Cable as he gets up lifting up the annoying mercenary.

DEADPOOL (CONT'D)

I'm down for the count bub..

(brief silence)

Wait a minute? Is that a knife on my..

CABLE

That's a knife..

DEADPOOL

Go ahead partner.. Make my day..

CABLE

Aahh

PRESENT DAY

Everyone, except Kang, closes their eyes for a brief realizing what Cable did. Eventually they open their eyes..

ALEX

You're actions were, illogical..

CABLE

Oh? Says the man who altered a 2001 reality. How's Wes's dad?

Wes was about to walk towards Cable, but Bishop extends his right arm.

BISHOP

Enough, both of you..
(slowly lowers his right arm)

CABLE

You mean to tell me Captain America, was behind this?

Alex pulls out a cosmic cube and it begins projecting.

PROFESSOR HULK

"Remember, you have to return the stones to exact moment you got them, or you're going to open up a bunch of nasty alternative realities."

CAPTAIN AMERICA

"Don't worry Bruce, I'll clip all the branches."

SAILOR PLUTO

I caught that reference..

CABLE

Son of a bitch..

BISHOP

Cap?

CAPTAIN AMERICA

"Don't do anything stupid until I get back."

BUCKY BARNES

"How can I? You're taking all the stupid with you."

The two hug..

BUCKY BARNES (CONT'D)

"I'm going to miss you buddy."

CAPTAIN AMERICA

"It's going to be okay Buck.."

Alex turns off the cosmic cube.

SAILOR PLUTO

Captain America.. He's the reason several realities have disappeared. He clipped the branches of realities..

Kang hands Cable a photo. Bishop and Sailor Pluto get a glimpse of the photo, followed by Alex who walks towards them.

KANG

That photo of Agent Peggy Carter from Earth 616 no longer has her original husband. It now has Captain America..

ALEX

Captain America after returning the Infinity Stones stayed in the past, created an alternate reality within an already alternate reality. Due to his staying in the alternate past it has endangered the stability of the multi-verse.

SAILOR PLUTO

That explains it then.. His selfish actions also wiped out Queen Usagi, King Damien, Chibiusa, and the Sailor Scouts of the Crystal Tokyo reality.

FLASHBACK

EXT. CRYSTAL TOKYO

Queen Usagi/Sailor Moon, her husband, and the Sailor Scouts from the Crystal Tokyo reality are fading in and out of reality.

QUEEN USAGI/SAILOR MOON

(fading in and out)

What's happening to us?

KING MAMORU

(fading in and out)

I don't know..

CHIBIUSA

(fading in and out with
tearful voice)

Mommy..

Three go into a group hug and are fading in and out.

SAILOR NEPTUNE

(fading in and out)

Haruka..

SAILOR URANUS

(fading in and out)

Michelle..

SAILOR NEPTUNE

I'm scared..

SAILOR URANUS

Me too..

SAILOR NEPTUNE
Let me touch you..

The two slowly crawling towards each other, and embracing each other in their arms.

SAILOR NEPTUNE (CONT'D)
Oh Haruka.. So warm..

SAILOR URANUS
Yeah..

The two hugging slowly fade away..

QUEEN USAGI/SAILOR MOON
I'll always love you Mamu..

KING MAMORU
Usagi..

QUEEN USAGI/SAILOR MOON
I love you Chibiusa..

CHIBIUSA
I love you mommy and daddy..

Sailor Mars is seen getting emotional with tears as she smiles and closes her eyes. The Inner Senshi's also smile. The four fade away. Queen Usagi, King Mamoru, and Chibiusa fade away as well. Sailor Pluto is puzzled as she looks around as they all fade away around her. She goes over to Sailor Saturn, and holds her in her arms.

SAILOR SATURN
(slowly fading in and out)
Find the source before it catches
you.

SAILOR PLUTO
(tearing up)
I will..

SAILOR SATURN
I love you..
(tearing up)

Sailor Saturn slowly fades away. Sailor Pluto with her arms wrapped around herself starts shaking up, and tears up.

PRESENT DAY

Sailor Pluto has tears streaming down her eyes as Bishop comforts her. She nods her head at him.

SAILOR PLUTO

I'm okay..

(brief silence)

The unstable fractures in time caused by the Avengers and Captain America of Earth 616 will get worse if we don't do something.

KANG

Remember, we no longer refer to it by that name. It is now known as Earth 1999999.

CABLE

Alright, so what's the plan?

KANG

Isn't it obvious..

BISHOP

You can't be that cold blooded..

SAILOR PLUTO

We will have to travel the multi-verse, and find the source of the rip. Once we find the rip, we must repair it by stopping the source of the problem. If we don't all of realities will be in danger.

BISHOP

So the Avengers of Earth 616 or whatever you all call it now, caused the rip?

ALEX

They caused multiple changes in branches. In one alternate timeline the Avengers cause Loki to escape his captivity from S.H.I.E.L.D. In that same reality Loki betrays Thanos and completes the Infinity Gauntlet.

CABLE

Fuck..

BISHOP

(whistles)

That's rough..

KANG

I remember it differently.

SAILOR PLUTO

The ripples were just the beginning..

KANG

It was Doctor Strange and the Avengers that caused the beginning of the fractures in time throughout the multi-verse. Captain America just added leftovers. There is now an alternate 616 Earth that is not suppose to exist.

ALEX

I've been monitoring the unstable changes in that universe. Prior to Captain America's staying in the past, the Spider-man of that reality went from an adult to a minor somewhere in alternate 2012. Many individuals in that timeline had constant use of the Time Stone, which caused changes within that reality, including the Skrull Empire and Corporate Red. Captain America's actions only made things worse.

Brief silence as everyone forms serious stares.

BISHOP

An alternate reality within an alternate reality. That's some crazy shit..

CABLE

Ultron was right about Captain America. A man pretending to be a hero.

KANG

We have to find that Captain America, and we must also stop the Avengers from reversing the snap. When the Avengers reversed the snap there were some disastrous results. People that were in helicopters or planes fell to their deaths after being restored.

BISHOP

So we have to save the multi-verse by helping Thanos destroy one? Its the Apocalypse all over again.

CABLE

This isn't the 90's..
(plasma eye lights up)

BISHOP

It doesn't make it any different.
In this case the villain wins and
goes off into the sunset.

KANG

Yet Thanos went off into the sunset
in a universe that isn't suppose to
exist.

BISHOP

So we hunt down Captain America,
and the Avengers and then what?
(brief silence)
Then what?

KANG

The main target right now is
Captain America..

BISHOP

You all are hiding something..

SAILOR PLUTO

After we find Captain America, we
must corner him, and take him down.

KANG

Eliminating him is the only option.
If we don't stop Captain America
and the Avengers of Earth 616 we'll
all cease to exist. The Avengers
and Earth 616 must be destroyed.

ALEX

Then it is settled.. Everyone..
Dismiss..

KANG

Setsuna.. A word..

SAILOR PLUTO

(Talk to me)

KANG

(We stick to the original
plan. We destroy Earth
19999)

SAILOR PLUTO
 (Agree.. I'll illuminate
 her)

CUT TO:

EXT. SOMEWHERE IN ANOTHER DIMENSION

Madam Webb is seen sitting in her levitation throne in another dimension. Suddenly a sharp bright light emerges.

CUT TO:

The scene cuts to Madam's sunglasses as the bright light reflects off her shades.

CUT TO:

Once the sharp bright light fades the scene cuts to the three that emerge from the bright light. Enter Sailor Pluto, Cable and Bishop.

MADAME WEB
 Cable and Bishop, its been light-
 years since you two last visited
 me.

BISHOP
 Madame Web..

CABLE
 We bring a visitor..

MADAME WEB
 Ah the legendary Sailor Pluto..

SAILOR PLUTO
 Dimensional watching is usually not
 my thing. But, we came for your
 guidance Madame Web.

MADAME WEB
 Speak to me, for I sense great fear
 in all of you.

CABLE
 A universe in our dimension
 threatens the existence of multiple
 realities.

MADAME WEB
 A card threatening the stability of
 the deck of other cards.

SAILOR PLUTO

You agree?

MADAME WEB

There's always unlimited options to handle matters like this.

BISHOP

I wish there was another way..

MADAME WEB

You two still have a heart.

SAILOR PLUTO

Bishop yes.. But Cable..
(turns towards Cable)

MADAME WEB

(smiles)

Cable as well.. He may not admit it, but he has a soft heart as well. After all, it was Cable and Bishop who went back in time to alter the reality of a Corporate Red. Actions that led to the creation of an alternate timeline.

SAILOR PLUTO

How so?

BISHOP

We went back in time to prevent a death of a Corporate Red. While in his past, I wanted to warn him about 9/11. Cable, was against the idea. But I figured since we would be altering his future, why not?

CABLE

The kid has heart.. Son of a bitch stopped 9/11 in his reality. He almost died in the process..

Brief silence as Sailor Pluto turns her body towards Cable as he is seen him making a fist with his human hand.

SAILOR PLUTO

So you do have a soft heart?

CABLE

Moving on..

MADAME WEB

I am already aware of the situation, along with the Living Tribunal. The Tribunal had a glimpse recently of time criminal, Doctor Strange, along with America Chavez.

CABLE AND BISHOP

Who?

SAILOR PLUTO

Kang will handle that situation. Or, perhaps he already has..
(grins)

MADAME WEB

If there's a fire what do you do?

BISHOP

Extinguish it..

MADAME WEB

A plague?

CABLE

Kill it..

MADAME WEB

A cancer..

The dimensional room goes silent..

MADAME WEB (CONT'D)

Cable, Bishop, I understand your concerns of not wanting to destroy countless lives. However one universe that endangers many cannot be allowed to continue. The only way to save it, is to destroy it.

CABLE

Corporate Red and Doctor Strange were right. That universe should've been destroyed. Countless realities would've been saved..

SAILOR PLUTO

Along with Crystal Tokyo..

Brief silence

BISHOP

Cable, what happen?

CABLE

(brief silence)

We had the briefing..

BISHOP

No, I mean, what happen to the Fantastic Four? You didn't mention them in the report..

CABLE

I don't know.. All I know is that S.H.I.E.L.D. sent them on a secret mission they never returned from. Professor Xavier and Hank McCoy tried to get information out of NASA and S.H.I.E.L.D., but nothing. Terrell, even during his days with S.H.I.E.L.D. was kept in the dark.

SAILOR PLUTO

That's because S.H.I.E.L.D betrayed them. S.H.I.E.L.D. was secretly being run by Hydra. It was a setup stage of removing certain heroes one by one. They removed the Fantastic Four, and recruited Corporate Red a few years later. Unaware to Red that he was being selected by members of Hydra, Alexander Pierce, Gideon Malick, and several others. That's why Red never found out. The Fantastic Four is still in the real reality, the original timeline, the sacred timeline.

MADAME WEB

Right now you all must focus on your present. The Avengers and especially Captain America knew their selfish actions could lead to consequences. Did not Tony Stark tell Cap you mess with time it messes back?

BISHOP

Damn, you knew..

MADAME WEB

I am a dimensional watcher, am I not?

BISHOP

No different from Kang..

MADAME WEB

Kang, is more aggressive..
Different from me.. I'm not the one
going around assassinating
different Captain America's.

SAILOR PLUTO

He's searching the source..

BISHOP

That's what you two were secretly
talking about behind our backs?
What the heck Setsuna?

SAILOR PLUTO

Like Madame Web said, find the
source.

BISHOP

Cable..

CABLE

He caused my wife and son to go non-
existent. Don't expect any mercy
from me
(plasma eye lights up)

BISHOP

So there's no way to spare Earth
616?

SAILOR PLUTO

You mean Earth 199999..

CABLE

Whatever repairs we attempt would
just cause more problems.

MADAME WEB

You, must find the source of the
glitch.

BISHOP

Maybe there's a chance to repair,
and not destroy?

SAILOR PLUTO

Not a option.. That timeline is not
even suppose to exist Bishop.

(brief silence)

Remember that reality where the
timeline was altered because Xavier
being assassinated.

(MORE)

SAILOR PLUTO (CONT'D)

You and your sister had to go back in time to correct it with an alternate Logan and Storm to stop it.

BISHOP

Yeah, I felt bad for that Logan.

CABLE

(wait I remember heading that mission)

If you want to be more filled in Bishop, the constant use of the Time Stone in Earth 616 glitched Spider-man, and turned him into a damn teenager..

DEADPOOL

Someone needs to fix this damn door.. Oh and it glitched Aunt May. Damn she looks smoking hot.

(brief silence)

Oh.. Um.. Hi Cable..

Everyone turns towards Deadpool. Major brief silence as they all stare at him.

CABLE

The fuck you're doing here?

BISHOP

Shit, you're right.. You know things are fucked up when Deadpool breaks the fourth wall into Madem Web's realm.

MADAME WEB

Oh Wade..

DEADPOOL

Umm..

Madam Web flicks her hand, and sends Deadpool into a dimensional portal.

CABLE

Into the Dead Zone?

MADAME WEB

Oh no.. Back home..

CABLE

We better get moving.. Sailor Pluto
we'll rendezvous with you soon.
Thank you Madame Web..

Sailor Pluto slightly bows before Madame Web.

SAILOR PLUTO

Such a huge honor to finally meet
you.

MADAME WEB

Likewise.. If your successful lets
hang out..

SAILOR PLUTO

(smiles)
Gladly..

MADAME WEB

I'll be watching.. After all, you
don't want me to interfere.
Thanos's snap is nothing compared
to what I can do.

BISHOP

Madam Web, just one question..

MADAME WEB

You may speak..

CABLE

Is it true, there was a Thanos that
went on trial before you and the
Living Tribunal, and suffered a
fatal destruction at just not only
their hand, but yours as well?

MADAME WEB

Let's just say the trial was in
secret. Now begin the Secret War
where our Secret Avenger, Corporate
Red, left off..

The three nod their heads. Before they can leave a familiar
teleportation sound is heard. The eyes of Sailor Pluto, Cable
and Bishop, widen.

SAILOR PLUTO

Goku

GOKU

What's up..

MADAME WEB

Beerus..

BEERUS

Goku, has an idea..

GOKU

I know a way we can settle the situation involving Earth 616. Have their fate decided, through a tournament.

SAILOR PLUTO

Battle realm?

Goku forms a serious stare and nods in agreement..

MADAME WEB

Goku, what do you propose?

SAILOR PLUTO

Wait a second.. Goku.. What happen?

Brief silence as Goku makes a fist with both his hands as he lowers his head. Everyone except Madam Webb, and Beerus look alarmed.

BEERUS

Go ahead Goku.. Tell them what the Avengers took away from you..

GOKU

My wife and two sons.

Thunder sound is heard as the scene cuts to.

FADE TO BLACK.

SECRET WARS IS COMING
