**EXT. DOCTOR STRANGE SANCTORIUM**

A brief scene of the Strange Sanctorium in Chelsea, Manhattan in Earth 616.

**CUT TO:**

**INT. DOCTOR STRANGE SANCTORIUM**

Doctor Strange and Wong are seen slowly walking down the sanctorium steps.

WONG

A few years have passed, and we  
have not heard from Corporate Red.

The two then stop walking once reaching the bottom steps.

DOCTOR STRANGE

You sense that?

WONG

Indeed..

The two go into defense stance. The two then stand behind each other, and look around. Suddenly a portal quickly opens and closes. A Cable variant quickly charges up his plasma gun. The two sorcerers stand side by side in defense.

WONG (CONT'D)

Cable..

CABLE

Wong..

DOCTOR STRANGE

Cable?

Brief silence as Wong goes into normal stance, followed by Doctor Strange.

WONG

Cable accompanied Corporate Red and  
his faction in the battle to fight  
Thanos in the quantum realm.

CABLE

Wong, we have a situation.

WONG

Where's Corporate Red?

CABLE

Gone, but not at the hands of  
Thanos.

DOCTOR STRANGE

Who are you? Where's Corporate Red?

CABLE

The name is Cable, and I'm an X-MEN  
from a parallel reality.

DOCTOR STRANGE

X-MEN?

CABLE

I see.. Wong, I need a briefing.  
Did anything happen while the  
Secret Avengers were battling  
Thanos in the quantum realm?

WONG

The original Avengers time traveled  
the quantum realm to retrieve the  
Infinity Stones to bring back those  
that were killed by Thanos. The  
result as you can see, with Strange  
standing here.

CABLE

He should've stayed dead, along  
with the rest of them.

DOCTOR STRANGE

Care to illuminate that again?

CABLE

Computer.. Begin processing data..

Cable cosmic cube starts levitating in the air as it begins  
gathering data.

DOCTOR STRANGE

Is there a problem?

CABLE

The Avengers bringing you, and  
those that were snapped by Thanos,  
resulted in some heroes being  
erased from existence across the  
multiverse. This timeline has  
destroyed several realities.

WONG

What?

CABLE

It didn't end there. Doctor Strange here, along with Spider-man, tampered with the space and time of your reality. This resulted in more fractures within your timeline. You're reality is becoming unstable.

WONG

Yes, I am aware. Doctor Strange created a spell where no one remembers Peter Parker as Spider-man. However that spell has no effect on me, as I am the sorcerous supreme. The spell wouldn't had effect on Corporate Red as well, who mastered the Time Stone.

DOCTOR STRANGE

Wait? You knew?

CABLE

There's someone else in your universe it didn't effect as well. They call themselves, Venom.

WONG

Venom? Must be part of the glitch in the matrix of this shattered timeline.

CABLE

(brief silence)

What's this?

(brief silence)

I see..

Brief silence as Cable retrieves his cube.

CABLE (CONT'D)

Where can I find Captain America?

DOCTOR STRANGE

What is the problem you're not telling us?

CABLE

The problem is also Captain America. Or at least one of the problems.

DOCTOR STRANGE

Illuminate..

CABLE

The Captain America of your reality endangered the multi-verse by staying in the past. Captain America's throughout the multiverse are being hunted down by multiple dimensional hunters, including me.

DOCTOR STRANGE

Hunted?

CABLE

You're alternate reality, which has gone through several glitches, which has threatened the existence of other realities, and erased my wife and son.

DOCTOR STRANGE

We're aware of the alternate reality..

CABLE

No, you don't seem to understand. This alternate reality has been replaced by another one because of Captain America's actions, and along with the actions of the Avengers, and you. Captain America stayed in the past after returning the Infinity Stones, and married Peggy Carter, erasing the reality of her original husband, along with erasing the existence of Agent Peggy Carter. Then you're annoying Spider-man opened up the multiverse and altered some villains from multiple realities causing paradoxes, and out of control branches. This has resulted in the changes of the matrix of several realities. In worse cases realities colliding with other realities.

WONG

Such collisions can either destroy a reality, or give birth to a new one. Some of the people living in the new birth reality would have memories of the original timeline.

DOCTOR STRANGE

That explains why Corporate Red remembered everything from the original timeline, and I didn't.

CABLE

Does the name Kang ring a bell?

DOCTOR STRANGE

No..

WONG

The name brings fear to many..

Brief silence as Cable continues gathering data through his time cube.

DOCTOR STRANGE

Who is Kang?

WONG

A dangerous dimensional being.. A threat greater than Thanos.. Only a pure heart can stop him.

CABLE

Unfortunately you're universe lost that variant.

WONG

We can find other Corporate Red's. Other Secret Avengers. Secretly hiding within the multiverse.

DOCTOR STRANGE

"We go on red".. Illuminate me more on Kang..

CABLE

Kang is an inter-dimensional watcher, and time traveler, who monitors different universes and different dimensions. Due to Captain America's actions his wife and daughter were erased from existence right before him. Word was sent out to myself and different dimensional, and universal travelers, about a rip in the space time continuum of multiple realities. A report was later sent out to hunt down every Captain America and member of the Avengers to track down the source.

(MORE)

CABLE (CONT'D)

Kang has already gone on a killing spree, assassinating members of the Avengers of different realities. He just recently killed an Iron Man in a parallel reality which your Strange recently visited recently with America Chavez. He also killed an Ant-man variant.

Wong realizes Chavez's life is in danger. Cable blocks him.

CABLE (CONT'D)

He already killed her before I got here. He waited till you got here with Doctor Strange. He spared you, Wong. You wouldn't had stand a chance either.

DOCTOR STRANGE

My gosh, she was just a kid.

CABLE

That's what they all..

DOCTOR STRANGE

Are you that cold blooded?

CABLE

Your universe is.. Didn't Wong and Baron Mordo try to warn you?

Brief silence

DOCTOR STRANGE

Wait a minute..

**FLASHBACK**

**INT. ROOM**

BARON MORDO

"Temporal manipulations can create branches in time.

(loud tone)

Unstable dimensional openings, spacial paradoxes, time loops."

WONG

"You weren't manipulating space time continuum, you were breaking it. You do not tamper with natural law."

*CUT TO:*

**EXT. HONG KONG**

BARON MORDO

"Yes, we did. But also violating the natural law. You still think there will be no consequences Strange? No price to pay? The bill comes due, always. I will follow this path no longer."

**PRESENT DAY**

**INT. ROOM**

DOCTOR STRANGE

Unstable dimensional openings.

Brief silence

CABLE

When the Avengers reversed the snap and with Captain America staying in the past it wiped out Corporate Red and heroes from different realities. Even cosmic beings like Queen Usagi, and the Sailor Scouts of Crystal Tokyo, weren't spared. Sailor Pluto, a cosmic being is one angry woman anyone from your universe better not come across.

DOCTOR STRANGE

Sailor Pluto?

WONG

A powerful dimensional cosmic being neither me and you can spar with.

CABLE

Listen to the man, doctor..

Doctor Strange rubs his hands across his face and takes few paces. Wong's is seen angered.

CABLE (CONT'D)

There are cosmic dimensional beings out there you'll never stand a chance against. Madam Web. Queen Serenity. Sailor Moon. Galactus. Silver Surfer. You're timeline is entering the real End Game.

WONG

A Secret War against our reality.

CABLE

This so-called Marvelous universe is going down, at all cost.

DOCTOR STRANGE

I told Stark to his face I would sacrifice him and Spider-boy to save the universe. I told Thanos our will, referring to me and Corporate Red, is equal to his.. I will help you..

CABLE

We'll need Thanos..

DOCTOR STRANGE

Well there's one problem with that.. Thanos is dead.. Apparently killed twice. First by Thor on Thanos's retirement planet known as Titan 2, and then an alternate Thanos crossover into this reality, and was snapped by Stark.

CABLE

Where's Iron Man?

WONG

He's dead..

CABLE

In your original timeline Thanos was defeated by Corporate Red.

DOCTOR STRANGE

Is Stark suppose to be dead?

CABLE

No..

WONG

We need to find out much damage has been done.

CABLE  
I need to look through your  
historical records.

**CUT TO:**

**INT. HISTORICAL ROOM**

Wong is going through different newspapers. Cable notices one newspaper that appears, altered. They then see the photo of Captain America with Peggy Carter.

CABLE  
This right here is wrong.. Agent  
Carter never married Captain  
America..

Brief silence

CABLE (CONT'D)  
I once respected the man, but then  
he went too far. Threatening all  
realities for what? For a damn  
woman? For a fucking dance?

DOCTOR STRANGE  
Corporate Red warned both me and  
Wong about the changes of this  
timeline, before the arrival of  
Thanos. We were aware..

CABLE  
The Avengers time traveling caused  
many ripples within the multiverse.  
Several realities were altered.  
This caught the attention of the  
TVA. An organization that  
approached me about Deadpool using  
my timecube.

DOCTOR STRANGE  
Deadpool?

WONG  
Deadpool has a crush on Corporate  
Red.

CABLE  
He's also a headache.

WONG  
Was there ever a reality where  
Thanos was not the destroyer?

CABLE

One of the realities the Avengers altered resulted in Loki wielding the Infinity Gauntlet.

DOCTOR STRANGE

I didn't see that..

CABLE

It was after your death.. I'm standing in front of a man, who helped Spider-man tampered with the matrix of the multiverse.

Brief silence

CABLE (CONT'D)

The Avengers and Captain America are public enemy number one on every dimensional travelers radar, and with Kang at the top of the food chain.

DOCTOR STRANGE

So Kang should be viewed as hostile?

CABLE

If you're not on his side. Like Wong told you.. This isn't Thanos you're dealing with.. This is a high level dimensional threat you won't be able to stop. The greater threat..

WONG

Without the Time Stone we won't be able to stop him, or any other dimensional threats.

DOCTOR STRANGE

How many dimensional threats are out there?

CABLE

Kang, Galactus, Queen Edea.. Heck even some of the dimensional Corporate Red's would be considered one if word reached out. I met a barbaric Corporate Red in a mirror universe, where the Nazi's won World War II. Corporate Red in that reality betrayed The Corporation and aligned with Queen Edea.

WONG

Teen Red would be out of the question.

DOCTOR STRANGE

That's risky.. A teen Red may not be able to handle what we're going to tell him.

WONG

We better move..

They all turn around to see..

BARON MORDON

I warned you Strange. The bill comes due, always. I said there will be consequences for your actions. A dimensional war is about to be unleashed against this reality. Fortunately, you won't live to see it.

Suddenly Strange is stabbed from behind with a sword sticking through his chest. Wong was about to attack, but Cable quickly blocks him. Kang appears from out of nowhere and stands side by side with Baron Mordo. Another Secret Avenger variant fades into existence, and stands beside them, holding the sword.

SECRET AVENGER

The bill comes due, always. Or as another variant version of me once told Tony Stark, why didn't you do more? The debt collection has begun, doctor. Oh, not feeling so good, aren't ya?

Secret Avengers pulls the sword out of Doctor Strange's chest. Wong goes to check him, and lays him on the floor, while going down on one knee.

SECRET AVENGER (CONT'D)

The debt and sins of this reality will be paid in the full. Allow me to introduce myself. I am the Corporate Red that joined forces with Queen Edea, after defeating her. I apologize if my surgical, was too hard on you, doctor.

(brief silence)

You should've listened to the variant of me that once lived in this life.

(MORE)

## SECRET AVENGER (CONT'D)

He was a great man, that forewarned you. You're reality didn't listen. Look at you now. Swimming in a pool of red. Oh look, he's fading..

KANG

Someone needs to check in the doctor. Clean up in aisle five.

Doctor Strange dies.

KANG (CONT'D)

(spits remaining pieces of his apple at Strange)  
Now, let's find us a captain. Oh captain, not my captain.

Wong lowers his head with some tears. He then stares up at the vigilantes.

KANG (CONT'D)

Cable..

CABLE

Kang..

Cable turns around but Kang, the evil Secret Avenger variant, and Baron Mordo are gone.

CABLE (CONT'D)

I'm sorry Wong..

WONG

We must go..

CABLE

Computer.. Locate Alternate Corporate Red.. time sequence 911 parallel..

COMPUTER

Scanning events within the space time continuum..

Cable's cosmic cube forms an energy line that consumes him and Wong.

**CUT TO:**

**EXT. PARALLEL AVENGERS FACILITY**

A Captain America is seen being thrown to the floor. He rolls hard across the floor.

He has blood on right side of his mouth. He slowly gets up as Kang is seen with his hands folded together behind his lower back. Captain America goes into defense stance.

CAPTAIN AMERICA  
I can do this all day..

KANG  
Time has run out for you, Captain.

Captain America throws his famed shield, but it goes through Kang's body. The famed shield stops in mid-air as it slowly levitates towards Kang who turns around, and grabs it. Kang tosses Cap's shield back to him. He then fires multiple lasers from his right point finger at the hero. Cap blocks the lasers with his shield. The scene on the face of the hero as the sounds of the lasers hitting the famed shield eventually stop. He puts his shield down as Kang is nowhere to be found. Suddenly a laser sound is heard as Cap's face goes awe. Kang has shot a laser at the Avenger from behind at close range. Cap falls on his chest. Kang turns around..

**CUT TO:**

Members of the Avengers arrive on the scene.

**CUT TO:**

Kang is nowhere to be found. Tony Stark, Hank Pym, and Reed Richards rush to the fallen hero. Stark goes down on one knee and turns Cap around who is dead with his eyes open.

**CUT TO:**

**EXT. SOMEWHERE IN THE QUANTUM REALM**

KANG  
So Ant-man, will you help me find them? Will you help me find my wife, and the lost Avenger?

ANT-MAN  
I'm sorry, I can't..

KANG  
Do you love your daughter? Or you're wife for that matter? I don't see any "hope" for them.. I would choose wisely. Or perhaps I shall kill you, again?

**FADE TO BLACK.**

**EXT. PARALLEL TOKYO**

Usagi and Mamoru are standing next to Mamoru's motorcycle, staring at the city. It's a clear starry night. Usagi is standing next to her love, with her arms wrapped around his right arm, and resting her head on his right arm. The two are speaking in Japanese.

USAGI  
Mamoru

MAMORU  
Hmm..

USAGI  
Perhaps its time we start thinking  
about giving birth to our future  
daughter, Cbibi-Usa?

Suddenly a bright light and hollow noise fills the scene. The two cover their eyes, as a brush of wind comes out of the fracture of time.

USAGI (CONT'D)  
(loud tone)  
Mamoru..

MAMORU  
(loud tone)  
Usagi..  
(brief silence)  
What is that?

**FADE INTO**

**EXT. TOKYO**

The other Sailor Scouts have now arrived.

USAGI  
Anything Ami?

Amy is scanning the fracture with her computer visor and typing on her mini keyboard.

AMI  
It's a fracture in the space time  
continuum.

REI  
Could it be a time portal from  
Crystal Tokyo?

MINA

Did something happen?

MAKATO KINO

Maybe its Chibi-Usa sending us a message?

AMI

I don't know.. Perhaps? Or it could be a doorway to a parallel universe, or another dimension. It could be someone requesting for help, or a trap, or..

EVERYONE EXCEPT AMI

Or..

AMI

Just a temporary gateway to another time or dimension.. Or perhaps a disruption in the space time continuum.

MINA

Sounds like the opportunity to go on an adventure.

MAKATO KINO

I'm game..

Suddenly a time portal opens, and quickly enters Sailor Pluto.

INNER SCOUTS

Sailor Pluto..

The time portal closes behind her.

SETSUNA MEIOH

I bring you all disturbing news.  
But it seems you are seeing a glimpse of it.

Everyone then turns their attention Michelle and Haruka arriving on the scene.

MICHELLE

The sea is roaring..

HARUKA

Mirrors cracking..

SETSUNA MEIOH

Realities are shattering..

USAGI

What is going on?

SETSUNA MEIOH

There is a universe out there that threatens all of realities. It has even wiped out the existence of Crystal Tokyo.

USAGI

You mean Chibi-Usa?

SETSUNA MEIOH

I'm sorry Queen Usagi.. You're future daughter, Chibi-Usa, along with Crystal Tokyo, no longer exist.

Usagi holds her stomach, and her knees buckle. Mamoru holds her arms, and the others check on her.

MAKATO KINO

What happen?

SETSUNA MEIOH

What you see here is a fracture in time caused by a threat to the multi-verse. However we can help restore Crystal Tokyo, along with other realities that were wiped out, by removing the source.

USAGI

Whoever erased Chibi-Usa, I'll kill them.

Haruka and Michelle smile..

MAMORU

(angered tone)

What has the Nega-Verse done now?

SETSUNA MEIOH

These are not the actions of the Nega-Verse, King Mamoru. Rather they are the actions of a group of humans from another universe. A universe that is not suppose to exist.

USAGI

Good or evil, he or she will be destroyed.

SETSUNA MEIOH

You mean they.. The individuals behind the actions are known as the Avengers, led by Captain America, in another universe. Along with the actions of two others from that reality, Doctor Strange, and Spider-man. The doctor has already been taking care of.

HARUKA

(grins)

Beat me to it..

Everyone turns their attention to Hatoru arriving on the scene. Her head lowered with her eyes closed. She slowly lifts her head up, and eyes open.

HATORU

Earth 616, now known as Earth 1999999, must be destroyed.. I, Sailor Saturn, the planet of destruction, will make sure of it.

**FADE TO BLACK.**

**EXT. PARALLEL NEW YORK CITY**

Its a parallel universe, in 2019. A parallel Corporate Red is seen flying in New York City. The hero then lands on a rooftop and slowly rises to his feet.

**CUT TO:**

The hero is starting at Lower Manhattan view from a rooftop in Brooklyn. The sunset shines brightly against the Twin Towers.

**FADE INTO**

**INT. CORPORATE RED'S APARTMENT**

The hero is now slowly entering his apartment as he closes the door. As he puts his bag down, there's suddenly a brush of air. The brief breeze stops, but then quickly a fracture in time appears in his apartment. He covers his face at the blinding light, which then settles down. The hero looks around figuring out what he should do. He puts his hand halfway into the fracture, and pulls it out.

**CUT TO:**

Meanwhile an energy line starts forming in the room and appears Cable, and Wong.

CABLE  
Corporate Red..

CORPORATE RED  
Cable.. It's good to see you  
again..

CABLE  
Its good to see you.. I'm glad I  
caught you just in time.

CORPORATE RED  
What's happening? Who's your  
friend?

CABLE  
An associate.. This is Wong from  
Earth 616/1999999.. You get the  
picture..

CORPORATE RED  
Greetings Wong..

WONG  
We were allies in another life,  
Corporate Red. You are an honorable  
man.

CORPORATE RED  
Thank you..

WONG  
Is he the one?

CABLE  
This is the Corporate Red that  
stopped 9/11. But, no time to  
discuss that right now.. Red, we  
have work to do..

CORPORATE RED  
Brief me..

CABLE  
A fracture in time, caused by the  
Avengers and Captain America from  
Wong's universe. These fractures  
threaten the entire existence of  
the multiverse.  
(plasma eye lights up)

CORPORATE RED  
Let's jump into action..

The three stare at each other, and then enter the fracture one by one.

**CUT TO:**

**EXT. ALTERNATE NEW YORK CITY**

Once reaching the other side the three find themselves in Central Park of Earth 1999999.

PROFESSOR HULK  
Something tells me you just open up  
a whole bunch of branches.

Sam Wilson and Bucky Barnes turn their attention to the arriving trio. Old man Captain America who is sitting on a bench slowly turns around. Sam Wilson is seen holding Cap's shield.

CABLE  
Damn..

WONG  
Captain America? You're.. old..

CABLE  
That explains it..

WONG  
Captain Rogers, you've violated  
natural law..

SAM WILSON  
Is that Corporate Red?

CABLE  
Not of your universe..

SAM WILSON  
Say what?

CABLE  
This is Corporate Red of the 2001-2  
universe. The Corporate Red that  
stopped 9/11.

SAM WILSON  
Hey Cap, didn't you stop..  
(gets cut off)

WONG

Captain America, you and the Avengers erased the Corporate Red of this reality from existence when you, and the Avengers, time traveled to retrieve the Infinity Stones.

CABLE

What other crimes against humanity, or time for that matter, did you commit?

Old man Captain America looks distraught, and looks down. Cable grabs Captain America's collar shirt with his metallic arm lifting him off the bench.

CABLE (CONT'D)

(loud tone)

What have you done?

SAM WILSON

(loud tone)

Hey..

Bucky Barnes metal arm grabs Cable's metal arm.

BUCKY BARNES

Put him down..

CABLE

Back off son..

WONG

Cable, if you kill him there's no saving the multi-verse.

Corporate Red and Wong pull back Cable who releases the grip. Barnes goes to check on Cap, and helps him back to sitting on the bench. Corporate Red and Wong let go of Cable.

SAM WILSON

What's going on?

Suddenly multiple time portals are opening and enter Sailor Moon and her Sailor Scouts along with Tuxedo Mask. The heroines are speaking in Japanese.

SAILOR SATURN

That's him..

CABLE

Setsuna..

SAILOR PLUTO

Cable..

(brief silence)

Captain America? You're.. old..

SAILOR NEPTUNE

That explains it.. He truly is a  
man out of time..

**CUT TO:**

Sailor Uranus lifts her right hand up with energy forming.

SAILOR URANUS

World.. Shaking..

Sailor Uranus slams her fist to the ground as energy ball  
forms traveling towards the group.

**CUT TO:**

Everyone except Captain America moves out the way.

SAM WILSON

(screams)

Cap..

BUCKY BARNES

(screams)

Steve..

Wong quickly gets in front of Captain America, and uses his  
magic to form a portal, which the energy ball enters.

**CUT TO:**

Wong opens a portal behind the heroines, and Tuxedo Mask.  
Uranus's sphere comes charging at them. Sailor Neptune pulls  
out her iconic mirror and the energy ball fades.

SAILOR NEPTUNE

Shall I drown Captain America and  
the two lames into deep submerge?

**CUT TO:**

Sailor Uranus then pulls out her iconic sword, and puts it at  
the throat of Bucky Barnes.

SAILOR URANUS

Or we can just kill them with  
kindness?

Sailor Pluto aims her staff at Sam Wilson and Barnes, back and forth, slowly.

SAILOR PLUTO

I can control time. Don't make any moves.

Sailor Saturn aims the tip of her staff at Wong. The heroine closes her eyes and grins, and then quickly turns around, placing the blade of the staff under Captain America's chin.

SAILOR SATURN

You should be glad you never met the evil version of me, known as Mistress 9. I would've shown no mercy to your friends.

CABLE

(But yet she's known as the planet of destruction.)

SAILOR SATURN

Captain Rogers, you and the Avengers have disrespected natural law.

BUCKY BARNES

Can anyone translate what they're saying?

SAM WILSON

Don't look at me..

The Sailor Scouts stare at each other. Sailor Moon starts speaking in English, along with the rest.

SAILOR MOON

I am Sailor Moon, the champion of justice.

SAILOR SCOUTS

We're the Sailor Scouts, defenders of the universe.

TUXEDO MASK

I'm Tuxedo Mask..

Everyone hears a guitar, and its none other than..

DEADPOOL

Oh don't mind me.. I'm just a Deadpool breaking the 4th wall.

CABLE

The fuck you're doing here?

**CUT TO:**

The Sailor Scouts raise their eyebrows with a drip of water down their face.

**CUT TO:**

The scene now zoomed in on Deadpool's hand as he hits the guitar.

**CUT TO:**

A brush of wind with dirt blowing across the ground as everyone looks around with Deadpool nowhere to be found.

SAILOR MOON

Hey, where did he go?

CABLE AND SAILOR PLUTO

(unamused looks)

Who cares..

CABLE

(Son of a bitch repaired  
my time cube..)

SAILOR NEPTUNE

(arms folded)

Back to the issue at hand..

SAILOR PLUTO

Captain Rogers you have violated  
natural law. In this unstable  
reality that is not suppose to  
exist now lies two Captain  
America's.

CORPORATE RED

Two captain's?

CABLE

Captain America crashed a Hydra jet  
into the Arctic ocean. Several  
years later a S.H.I.E.L.D.  
scientific team found him, frozen,  
and alive. After the fall of the  
alternate Thanos Captain America  
returned the Infinity Stones to  
their respective timelines.

SAILOR PLUTO

Instead of returning to the future, he stayed in the past, and altering this reality, which was already altered because of the misuse of the Time Stone. He married Peggy Carter, and wiping Peggy's original family from existence. The result of his actions have either erased or threaten the existence of other realities.

SAM WILSON

Cap had every right to relive his life.

CABLE

(loud tone)

He erased my wife and son.

SAILOR MOON

(angered tone)

He erased my first born..

(pulls out her scepter)

CABLE

Reliving his life, while destroying several other realities in the process? That's not justice.. That's the problem with you Avengers.. Collateral damage follows you everywhere you go..

SAM WILSON

You're not going to come here, and threaten our universe.

Cable charges his plasma gun and aims at Sam Wilson.

SAILOR PLUTO

A dying universe that should be dead.

(aims staff at Bucky Barnes)

BUCKY BARNES

Cap didn't do anything wrong..

SAILOR PLUTO

Yes, he did.. Cable..

CABLE

One of those branches, turned into  
a dark mirror.

**FLASHBACK**

**INT. AVENGERS TOWER**

CABLE

When this Captain America  
confronted himself in a parallel  
reality he hit him with the scepter  
that contained the Mind Stone. He  
did it to put him to sleep. Little  
did he know, it turned that Cap  
evil. That Captain America joined  
Hydra, and helped them during the  
Hydra takeover of S.H.I.E.L.D.  
during the winter events. President  
Ellis was assassinated. Along with  
Hawkeye, his family, and Black  
Widow.

SAILOR PLUTO

Hydra's secret alliance with the  
Skrull Empire went into public  
fruition. Heroes were defeated one  
by one. Iron Man, Hulk and  
Corporate Red were the last three  
left.

PROFESSOR HULK

Where was Thor in all of that?

CABLE

He, along with Asgard, abandoned  
the earth..

**PRESENT DAY**

SAILOR MARS

I've seen the visions. This man has  
already wiped out several realities  
because of his actions. Including  
our future reality, Crystal Tokyo.

SAILOR PLUTO

This alternate reality is not  
suppose to exist.

SAILOR SATURN

For your crimes for disrespecting  
natural law, for disrespecting  
time, endangering the multi-verse,  
you will die.

Sailor Saturn quickly turns her head. Sailor Mars and Pluto  
do the same, along with Wong.

WONG

He is here..

SAILOR MARS

I sense him too.. A powerful  
entity..  
(worried tone)  
Oh no..

SAILOR MOON

Rei..

Suddenly someone is grabbing Cap's throat as the old man is  
using his hands to try to remove the grip as he is being  
lifted off the bench. An invisible force pushes away Sam,  
Bucky and Professor Hulk. Whoever is this individual is also  
softly pushing away Saturn's long weapon staff. The heroine  
with her eyes widen a little. Suddenly the invisible  
individual uncloaks, and reveals himself.

SAILOR PLUTO

Greetings Kang..  
(brief silence)  
How were the assassinations  
committed by the House of Kang?

Brief silence

KANG

Beautiful..

Sailor Pluto blocks Sailor Neptune and Uranus with her right  
arm, and then lowers it to put her right hand on Sailor  
Saturn's left shoulder. Everyone except Cable, and the Outer  
Senshi's run up to Kang.

WONG

(loud tone)  
Stand down..

An invisible energy force from Kang pushes them away, and  
slows down time. Time proceeds to normal once they hit the  
ground. The dimensional time traveler continues to grab old  
man Cap by the throat. Sailor Moon reaches out her right arm.

SAILOR MOON

Wait..

SAILOR MARS

Sailor Moon, stand down. Stand..  
down..

KANG

I lost my wife and daughter because  
of you.

Corporate Red goes for a punch, but he goes through Kang's body, and rolls across the ground. Sailor Moon goes over to him. Sam Wilson and Bucky Barnes charge at him, and begin punching and kicking. But their punches and kicks just go through his body. Kang tosses old man Cap to the ground. Cap then grabs his right arm, and appears to be in extreme pain. Sam and Bucky go to check on him.

KANG (CONT'D)

(at Bucky Barnes)

Where's that stupid smile of yours?

Kang extends his hand as Cap's shield breaks free from Sam's grip. He then shatters the famed shield into two pieces with his right knee, and drops them to floor. Corporate Red's eyes widen, along with the Sailor Scouts. Sailor Moon is seen with her right hand over her mouth, and then lowers it. Bucky Barnes stares at Kang in guilt.

KANG (CONT'D)

You knew he went back, and planned  
to stay.

SAM WILSON

What is he talking about?

KANG

In this alternate reality he  
allowed the Chitaura InVasion,  
Hydra takeover of S.H.I.E.L.D. and  
the snap to happen.

SAM WILSON

That's crazy.. Cap would never  
(stops his sentence)

Captain America starts holding his right arm in pain.

BUCKY BARNES

Steve..

Captain America passes out and falls on the ground.

SAM WILSON  
(screams)  
Cap..

Sam Wilson starts doing cpr on Cap's chest, while Sailor Mercury is giving Captain America mouth to mouth cpr.

SAILOR URANUS  
(yelling)  
What are you two doing?

SAILOR MOON  
Killing him is not the answer..

SAILOR URANUS  
(loud tone)  
You're wrong.. Killing him will save the multi-verse.

SAILOR PLUTO  
Several realities were wiped out because of his actions, and the actions of the Avengers.

CABLE  
Over a woman.. Over a dance.. Captain America, I don't salute you. I hope you don't rest in peace, bitch.

Sam Wilson stops the cpr, and slowly moves his hands away as Sailor Mercury lifts his head under her hands.

SAILOR MOON  
Is he?

**CUT TO:**

**EXT. SAILOR MERCURY'S VISOR**

A brief scene of Sailor Mercury's visor in first person scanning Captain America.

**CUT TO:**

**EXT. PARK**

She slowly lifts up her visor over her eyes and through her bangs.

**CUT TO:**

SAILOR MERCURY

He's gone..

WONG

(loud tone)

We needed him alive to track the source.

KANG

The source was cornered, and annihilated.

CORPORATE RED

You monster..

(quickly transforms into Corporate Red and screams)

AAHH

Kang just stares with a blank stare as massive energy emits from Corporate Red's suit. Cable grins, and realizes how much the hero has evolved. The hero then powers down, and breathes heavily.

KANG

Still no match for me.. All that screaming was illogical..

Kang walks away with his hands behind his back as a dimensional portal opens. The young hero flies towards him, but its too late, as the portal closes behind Kang. The hero rolls across the dirt ground, before coming to a stop.

**CUT TO:**

Meanwhile Professor Hulk, Ronin (Hawkeye) and Colonel Rhodes arrive on the scene.

**CUT TO:**

COLONEL RHODES

Steve?

Brief silence

PROFESSOR HULK

Is he?

TUXEDO MASK

He's gone..

**FADE INTO**

**EXT. THE FUTURE, KANG'S SHIP**

A brief scene of Kang's ship is shown.

**CUT TO:**

**INT. KANG'S BRIDGE**

A time portal opens as Kang is now back on the bridge of his ship.

KANG

Report..

SCIENCE OFFICER

Everything is still the same. None of the faded have returned, including your wife and daughter.

KANG

The House of Kang assassinated Captain America's in different realities. I eventually found the source, and gave him a heart attack.

SCIENCE OFFICER

Killing isn't going to solve anything. You have to go to the time of the source, and alter his course.

KANG

Then I have to go back, and stop myself from killing him.

SCIENCE OFFICER

No, you have to go back further. I know where.. This time you must make sure it is the End Game for their universe.

**CUT TO:**

**EXT. AVENGERS FACILITY**

A brief scene of Avengers Facility is shown.

**CUT TO:**

**EXT. S.W.O.R.D. HEADQUARTERS**

A brief scene of S.W.O.R.D. Headquarters in outer space.

**CUT TO:**

**INT. S.W.O.R.D. HEADQUARTERS**

All the heroes are now in street clothes. Corporate Red is sitting down with both hands resting on his face. Usagi with her arms folded and her chin resting over them on the metal oval table. The Inner Scouts sitting down looking sad as well. Corporate Red and Usagi turn towards each other.

USAGI  
Depressing huh?

CORPORATE RED  
Yep.. To hear that one man's actions threatens the existence of multiple realities.

Usagi lets out a sigh, and puts her hand on her stomach.

USAGI  
(stares at her stomach)  
I've been wondering something..

CORPORATE RED  
Yeah?

USAGI  
What if him staying back in the past created our universes?  
(stares up)  
What if our realities are just mere fantasies?

**CUT TO:**

Bishop arrives on the scene. Him and Cable speak in very low tone and turn their back towards the other heroes. Setsuna is seen sitting with the Sailor Scouts and Corporate Red at the briefing table. She uses her telepathy to listen in on the conversation.

BISHOP  
How was it?

CABLE  
Good, and bad moments. We were able to recruit the Corporate Red me and you helped saved.  
(MORE)

CABLE (CONT'D)

We have Sailor Moon and the Sailor Scouts, along with Tuxedo Mask joining our squad.

SAILOR PLUTO

(speaking in telepathy)

We're doing good so far. But we need more recruitments. In case any of us gets killed in battle, a variant of ourselves will have to replace us in order to defeat that timeline.

BISHOP

Well things just got interesting, you both are going to want to hear.

(brief silence)

Word on the street is that Goku will officially be joining us. He's a ticking time bomb, and I'm not talking about his spirit bomb.

CABLE

How bad is it?

BISHOP

Word is official.. Cap, Avengers, Doctor Strange, and Spider-man erased Chi-Chi, Gohan and Goten. I just hope he doesn't turn into that mirror Black Goku.

CABLE

Where is he right now?

BISHOP

Last I heard he was still with Madam Web. They're planning to meet with Kang, or at least two of them from the Kang Dynasty.

CABLE

Ah fuck.. They're going to meet with the head Kang. The most dangerous variant.

SETSUNA MEIOH

(That means Madam Web is siding with us and Kang.)

An old man walking with a cane, is seen being helped by Dr. Hank Pym. Walking along side with them is Cable.

CABLE  
 (normal tone)  
 It's good to have a World War II  
 veteran joining with us.

COLONEL NICHOLAS FURY  
 Cable..

CABLE  
 Colonel  
 (salutes)

Bishop also salutes.

COLONEL NICHOLAS FURY  
 At ease gentlemen..

CABLE AND BISHOP  
 Thank you colonel..

CABLE  
 We're going to need all the help we  
 can get.

DR. HANK PYM  
 Thank you for joining us, colonel.

COLONEL NICHOLAS FURY  
 Just call me Nicholas.. The same  
 for you two..

CABLE  
 What happen to the other Nick Fury?

DR. HANK PYM  
 It turns out he was a Skrull in  
 disguise. The real Nick was gunned  
 down by Bucky Barnes during the  
 Hydra takeover. Steve and the  
 others were not aware he was  
 replaced.

CABLE  
 (or it could be part of  
 the time glitch in this  
 reality)

DR. HANK PYM  
 What is the situation? Now that I  
 am here, we can do a briefing.

COLONEL NICHOLAS FURY

We were led to believe when Thanos snapped his fingers, it led to a shatter of the multiverse. However, that was not case.

CABLE

Thanos didn't crack the glasses of time. You're now deceased Captain America did. Along with the Avengers, Doctor Strange, and Spider-man.

COLONEL NICHOLAS FURY

Where is Doctor Strange?

WONG

(approaching the trio)

Strange was killed by a parallel Corporate Red. The variant is in an alliance with Kang, a dimensional threat to our reality. A threat more powerful than Thanos.

COLONEL NICHOLAS FURY

An evil Corporate Red?

CABLE

Mirror Universe variant of Corporate Red. The reality where the Nazi's won World War II, and that reality turned barbaric. In that universe Corporate Red defeated Queen Edea, but ended up joining forces with her to form a corporate imperial empire.

WONG

Corporate Red of this reality clearly stated in order to defeat Thanos the battle would have to be won in the multi-verse. The Avengers however violated natural law hunting down the Infinity Stones and creating multiple alternate timelines. Resulting in Corporate Red and several heroes being erased from existence.

(brief silence)

Without the Time Stone we won't be able to stop the dimensional threats flooding into our reality.

Brief silence..

AGENT MARIA HILL  
Corporate Red, was my best friend.

CABLE  
I'm sorry..

AGENT MARIA HILL  
Where is that Corporate Red from?

CABLE  
He's from an alternate reality  
where he stopped 9/11.

AGENT MARIA HILL  
He always blamed himself for 9/11..

WONG  
Why?

AGENT MARIA HILL  
He took a nap..  
(brief silence)  
How did you discover him?

CABLE  
There was a Corporate Red variant  
that died after a battle with  
Ultron. Rumor has it he's the  
original Corporate Red. Other time  
travelers and dimensional watchers  
believe Mirror Red is the original,  
and that your universe is the  
alternate reality of the Mirror  
Universe.

AGENT MARIA HILL  
You said a variant of Corporate Red  
died against Ultron?

DR. HANK PYM  
In our universe he defeated him.  
Ultron was created by me..

CABLE  
I know..  
(breathes)  
A Corporate Red variant had  
suffered critical wounds while  
protecting the Young Avengers  
against the AI. He died in a  
timeline he didn't belong in. The  
Young Avengers were trying to find  
a hero to battle Ultron.  
(MORE)

CABLE (CONT'D)

When they activated a time portal it sucked in Corporate Red from his reality to theirs. When I learned about that reality myself and Bishop time travel to warn that Corporate Red. It resulted in a alternate timeline with him stopping 9/11, through information provided to him by me and Bishop. I wasn't willing to tell him about the New York event, but Bishop felt it be hypocritical since we were already changing his future.

BISHOP

The son of a bitch did it. He stopped September 11th. He almost died in the process, but he survived, and saved thousands of lives. He'll be a huge help in saving the multiverse.

CABLE

(stares at Corporate Red)  
Agree..

Professor Hulk walks up to Corporate Red.

PROFESSOR HULK

Did you ever encountered anyone name Bruce Banner or face the Hulk?

CORPORATE RED

(sits up)  
No.. Why?

PROFESSOR HULK

Nothing..

DR. HANK PYM

In our reality you kicked his ass twice.

CABLE

Don't shit me..

CORPORATE RED

Really?

BISHOP

The brother gave him an ass whipping?

AGENT MARIA HILL  
 He sure did.. The best agent  
 S.H.I.E.L.D. ever had. Those  
 records however were removed from  
 the S.H.I.E.L.D. database before  
 the Hydra takeover.

BISHOP  
 Twice though.. This hero kicked the  
 Hulk's ass twice? Damn.. Very few  
 have only defeated him once. But  
 twice? Twice?

CABLE  
 The Hulk of this universe is a..

MAMORU  
 If you guys don't mind we need to  
 figure out how we're going to save  
 the multi-verse?

Doctor Helen Cho arrives on the scene.

DR. HELEN CHO  
 Excuse me Colonel Fury, and Dr.  
 Pym. A word in private.

**CUT TO:**

**INT. AUTOPSY ROOM**

The three enter a room. Dr. Helen Cho slowly removes the  
 blanket.

DR. HANK PYM  
 What?

**CUT TO:**

**INT. BRIEFING ROOM**

Dr. Pym quickly enters the briefing room.

AGENT MARIA HILL  
 Pym?

DR. HANK PYM  
 I need Cable, Bishop, Sailor Pluto,  
 Banner, Wong, and Corporate Red.

AGENT MARIA HILL  
 You forgot someone..

DR. HANK PYM  
You've been scanned..

Haruka stabs Agent Maria Hill.

MAMORU  
(loud tone)  
What the heck?

What they thought was Agent Hill shifts back into her real form. A Skrull, disguised as Agent Hill. Everyone looks at each other puzzled.

DR. HANK PYM  
That's another secret out..

**CUT TO:**

**INT. LAB**

Cable, Bishop, Sailor Pluto, Professor Hulk, and Corporate Red are all surrounding a metal table, with a body covered. Dr. Helen Cho removes the blanket.

PROFESSOR HULK  
Steve?

BISHOP  
That's not Cap..

COLONEL NICHOLAS FURY  
That's a Skrull.. The earth was once in a secret war against them. From the World War II days, up until the final days of the pre-snap.

SAILOR PLUTO  
Unexpected plot twist..

CABLE  
The fuck is going on?  
(pulls out cosmic cube)  
Computer, collect data and project..

Cosmic cube is analyzing data and then projects a holographic image for all to watch. In the holographic image it shows Corporate Red battling Edea at the Freedom Tower. Later on Captain America, Black Widow, and Hawkeye attempt to rescue the hero from Edea and the Skrull Empire. Edea overpowers the heroes, taking them down. The holographic image comes to an end.

DR. HANK PYM  
That explains it.. Cap, Widow and  
Hawkeye were replaced..

CABLE  
There's a Secret InVasion brewing..

BISHOP  
But why?

SAILOR PLUTO  
Probably a ripple effect.. Events  
from the original timeline merging  
into this altered reality.

DR. HANK PYM  
Or perhaps these Skrulls are from  
the original timeline, invading  
this alternate reality. In attempt  
to conquer the multiverse, starting  
with ours.

CABLE  
You're universe doesn't have time  
for a secret invasion.. Right now  
you all have to go back, and stop  
the snap, and stop this Captain  
America, or whoever this is, from  
staying in the past.

Everyone turns towards Corporate Red and Usagi.

CORPORATE RED  
We need an army.. If we're going to  
stop the Avengers, and Thanos.

CABLE  
We're going to need Thanos to stop  
the Avengers.

DR. HANK PYM  
What?

PROFESSOR HULK  
You're all working with Thanos to  
stop the Avengers? Hey now wait..

Corporate Red quickly morphs and knocks out Professor Hulk.  
He staggers a bit and then falls backwards to the floor.

BISHOP  
(whistles)  
Damn, strike three..

CORPORATE RED  
(suit and helmet fade)  
I'm sorry..

SAILOR PLUTO  
No, that's justified..  
(opens a portal and sends  
him to the Avengers  
facility, and then closes  
the portal)

CABLE  
What's on your mind?

CORPORATE RED  
Instead of recruiting Thanos, let's  
recruit heroes from the multiverse.  
Let's form the Secret Avengers.

BISHOP  
Its a shot..

SAILOR PLUTO  
Risky, but its a chance we can't  
turn down.

DR. HANK PYM  
Where do we start?

Corporate Red turns to Cable, Bishop, and Sailor Pluto and  
grins. Bishop and Sailor Pluto try to not laugh realizing  
what Red is signaling Cable to do.

CABLE  
Fine.. Hey who are you going to  
recruit?

CORPORATE RED  
I just need to make a quick trip to  
a parallel Arizona. Take it back to  
the 1980's.

SAILOR PLUTO  
Groovy..

BISHOP  
That's the 60's..

SAILOR PLUTO  
I know..

**CUT TO:**

**INT. AVENGERS FACILITY**

Professor Hulk is seen sitting down, holding his jaw. Colonel Rhodes, Sam Wilson, and Bucky Barnes enter the room.

COLONEL RHODES

How did..  
(gets cut off)

PROFESSOR HULK

One of those sailor senshis sent me here. They're trying to destroy our reality.

BUCKY BARNES

We can't let them..

COLONEL RHODES

Stand down..

SAM WILSON

What?

COLONEL RHODES

We're standing down.

PROFESSOR HULK

Rhodes is right.. When we time traveled it caused some realities to go unstable. We're in serious trouble.

COLONEL RHODES

If we add more we're just hurting ourselves alot more. They're team is loaded with time travelers and cosmic beings. We don't stand a chance against them.

PROFESSOR HULK

Plus we don't have Thor right now.

COLONEL RHODES

It's their turn now..

SAM WILSON

They're planning to destroy our universe.

COLONEL RHODES

Something tells me not all of them.

PROFESSOR HULK

Like their Corporate Red. Who gave me a punch.

COLONEL RHODES

(smiles)

Probably trying to get you to shut up..

PROFESSOR HULK

(smiles)

Right.. Damn what a right hook.

**CUT TO:**

**INT. KANG'S BRIEFING ROOM**

Kang is in his briefing room staring at a universal map. The personal assistant enters the room.

PERSONAL

The heroes of the multiverse are preparing a Secret War against Earth 1999999. Secret Avenger will be leading the war.

KANG

Then I will join them, at the End Game.

A voice is then heard in the background, and its none other than..

MADAME WEB

Or at the tournament.. A word.. Kang..

KANG

Madame Web..

A familiar teleportation sound is heard. Kang grins at the individual.

MADAME WEB

That's a rare smile. Kang, he has a proposal to share.

**CUT TO:**

**EXT. PARALLEL SAN FRANCISCO**

A brief scene of a parallel San Francisco is shown.

**CUT TO:**

**INT. WADE WILSON'S RESIDENCY**

Wade Wilson and Vanessa are seen playing video games. Vanessa defeats him..

VANESSA

And one..

WADE WILSON

My girl..

Cable quickly enters the room through a time portal that quickly closes behind him.

VANESSA

Can you knock?

WADE WILSON

It's okay my love.. When you have time on your hands, there are no doors. No hands he said..

VANESSA

Well..

CABLE

An organization named the TVA confronted me saying you used my cosmic cube to get her back. They were all up my ass. Then they left to retrieve someone name Agent Carter.

WADE WILSON

Alright pebbles.. You want to..

CABLE

No, I don't want to fight.

(brief silence)

I need your help..

Wade and Vanessa's eyes widen.

WADE WILSON

That's serious..

**CUT TO:**

**EXT. PARALLEL XAVIER SCHOOL**

Usagi, Mamoru and Setsuna are seen arriving at the doorstep of Xavier School of Gifted Mutants. Mamoru knocks on the door. The door opens, and its none other than....

CYCLOPS

Can I help you?

SETSUNA MEIOH

We're looking for Professor Charles Xavier.

**FADE INTO**

**INT. DINING ROOM**

Coffee is seen being poured into a tea cup. Cyclops is seen with his arms folded, standing next to Jean Gray. Storm is pouring tea into different cups. Dr. Hank McCoy enters with Professor Xavier.

PROFESSOR XAVIER

Good morning, I'm Professor Charles Xavier.

SETSUNA MEIOH

I am Setsuna Meioh. This is Usagi and Mamoru. We are from Tokyo, Japan.

DR. HANK PYM

Welcome to Rochester, New York. You've traveled a long way.

SETSUNA MEIOH

Well, we've traveled from a different realm. This may sound complicated..

PROFESSOR XAVIER

These days nothing sounds complicated. Isn't that right Logan?

Logan is seen entering wiping his hands with a cloth.

LOGAN

You can say I just came back from a timely trip.

Sailor Pluto reads his mind.

SETSUNA MEIOH  
So our situation shouldn't be  
complicated.

JEAN GRAY  
(reads Setsuna mind)  
It shouldn't.. You three aren't  
from here.. This universe that is..

Logan tries to not laugh..

LOGAN  
What are they? Aliens..

JEAN GRAY  
(tries to not laugh)  
No Logan..

SAILOR PLUTO  
(Should I tell them? Or  
one of you?)

JEAN GRAY AND PROFESSOR XAVIER  
(You're the guest..)

SETSUNA MEIOH  
We are from a parallel universe.  
We've come with urgent news.  
Somewhere in the multi-verse one  
group's actions has threatened the  
existence of all realities.  
Professor Charles Xavier, we need  
the X-MEN to join our army. We're  
about to engage in a Secret War.  
Please read my mind to understand  
more..

PROFESSOR XAVIER  
That will not be necessary. For I  
to have sense a disturbance in the  
space time continuum.

DR. HANK MCCOY  
I too have been monitoring the  
events. How much time?

SETSUNA MEIOH  
We're running out of time. We must  
stop the source as soon as  
possible.

STORM  
Do you know where?

SETSUNA MEIOH

We do..

PROFESSOR XAVIER

So you're recruiting heroes from different realities to battle this one reality?

SETSUNA MEIOH

Yes.. Myself and several allies are going through different universes to recruit heroes, and possibly villains, through the multiverse. The universe at the source of the problem must also be destroyed.

JUBILEE

Destroy an entire universe?  
Bummer..

LOGAN

Shit happens..

JUBILEE

Logan, you can't be serious?

GAMBIT

Logan is right.. Its survival of the fittest.. Besides, whoever these people are didn't think first before jumping.

DR. HANK PYM

Time travel can have good and bad.

SETSUNA MEIOH

Tell that to my two friends Cable, and Bishop. Time travelers as well who've had battles with the Sentinels, Apocalypse.

ROGUE

I wonder if in that same universe if I ever got my powers?

PROFESSOR XAVIER

The X-MEN will join in the Secret War.

SETSUNA MEIOH

I will open a portal.. That portal will lead into our Secret War..

DR. HANK MCCOY  
Charles, do you plan to..

PROFESSOR XAVIER  
Yes, I will.. We will need to  
contact Eric as well.

JEAN GRAY  
You're not thinking about forming  
Onslaught?

Brief silence

LOGAN  
Chuck?

**FADE INTO**

**INT. PARALLEL CORPORATE RED'S APARTMENT**

Corporate Red in a white t-shirt, and blue shorts lays on the  
sofa of his couch. Suddenly a time portal quickly opens and  
closes as Cable and Deadpool enter.

DEADPOOL  
Oh shitz, you're Corporate Red. I'm  
a huge fan.

CORPORATE RED  
Thanks..

DEADPOOL  
I'm Wade Wilson, aka Deadpool..

CORPORATE RED  
Nice to meet you..

Corporate Red gets up as the two shake hands.

CABLE  
Ready to recruit some Power  
Rangers?

CORPORATE RED  
I'm down.. But before we do that.  
Wade do you want to help me recruit  
a phantom racer?

DEADPOOL  
Please tell me we're going to the  
80's?

CORPORATE RED

Well..

**CUT TO:**

**EXT. ARIZONA**

Corporate Red in denim jacket attire, and blue jeans, is seen arriving on a doorstep. Deadpool is standing to his left, behind him. The year is 2021. The hero knocks on the door. A woman is seen in the window of the front door. She then opens it.

KERI JOHNSON

Can I help you?

CORPORATE RED

I'm looking for Jake..

DEADPOOL

Also what did you do last summer?

CORPORATE RED

Wade..

KERI JOHNSON

(looking puzzled)

He's not here..

CORPORATE RED

Will he be home later?

KERI JOHNSON

I never said he lives here.. What is this in regard?

DEADPOOL

We're all in danger lady. Me, you, him, and Jake. Well, maybe not Jake.. If its true he's a cosmic being that drives around in a phantom car.

KERI JOHNSON

How did you two know?

CORPORATE RED

I heard the stories growing up as a kid in NYC. Phantom racer driving around a town here in Arizona, taking down some murdering street racers.

DEADPOOL

In this case, murdering the  
murderings. Catch my drift. Get it  
drift.. Eerk..

CORPORATE RED

Wade..

KERI JOHNSON

(tries not to laugh)  
Okay, let me fill you in..

**FADE INTO**

**INT. LIVING ROOM**

The woman is drinking tea.

KERI JOHNSON

It started great at first. But he  
wasn't growing old.

CORPORATE RED

You mean maturity?

KERI JOHNSON

No physically.. Eventually, I ended  
the relationship. He just stayed  
young. He travels the planet  
through energy. Unfortunately, I  
wouldn't know where you can find  
him.

CORPORATE RED

The entire multiverse is in danger.  
We need his..

Suddenly a car is heard outside.

**CUT TO:**

**EXT. HOUSE**

A Dodge Interceptor is seen outside as an individual steps  
out the car.

KERI JOHNSON

Jake..

The woman slowly makes her way towards Jake. Jake then walks  
towards Corporate Red.

CORPORATE RED

Jake, I'm..

JAKE

We'll talk later.. I need some private time.. Just meet me in the streets..

CORPORATE RED

Okay..

DEADPOOL

We'll be waiting..

**FADE INTO**

**EXT. NEIGHBORHOOD**

Corporate Red and Deadpool are walking in the street of the small neighborhood.

CORPORATE RED

You think he'll come?

DEADPOOL

We're about to find out..

The two stop walking on the sidewalk. Suddenly the Dodge Interceptor drives up to them. The heroes takes some steps back away from the vehicle. A mysterious driver in some unknown gear and helmet steps out. Bright flashes as the individual is revealed to be, Jake.

JAKE

Dang.. Why is that always painful?

CORPORATE RED

Metaphysics transformations are sometimes painful. That's why I was chosen as a teenager to become Corporate Red. Old bodies are said to not be strong enough when it comes to certain metaphysics, like time travel. My body eventually adapted, resulting in no pain.

JAKE

Hmmm.. I see..

DEADPOOL

Where's Keri?

JAKE  
Keri is gone..

CORPORATE RED  
How?

JAKE  
She disappeared, right before my eyes.

DEADPOOL  
But you told her to pack light once..

CORPORATE RED  
Its happening again.. There's a universe out there causing this. I need your help.

DEADPOOL  
We need your help..

SECRET AVENGER  
Yes, we need your help. We need the phantom racer. We need The Wraith. Can you please join me and the Secret Avengers?

JAKE  
Everybody's been asking me?

CORPORATE RED  
Where is he baby?

JAKE  
Doesn't anybody know?

DEADPOOL  
Where's the fire?

JAKE  
Its burning inside of me..

DEADPOOL  
Where is he baby?

JAKE  
Open up the door, and let me in.. I'm Jake, known to many as the phantom racer. But my real title is, The Wraith.

CORPORATE RED

They call me the Secret Avenger.  
This is Wade Wilson, aka Deadpool.

DEADPOOL

(turns to you the readers)  
The Marvel Cinematic Universe is  
about to feel our wrath.

**FADE TO BLACK.**

**EXT. PARALLEL ANGEL GROVE**

Somewhere at the bottom of a canyon Tommy Oliver lays on the ground, holding the back of his head. He notices some tiny rocks fall at his feet, and he puts his hand halfway over his face to block any other falling rocks, and to see what is happening above.

**CUT TO:**

**INT. HILL TOP**

DEADPOOL

Why does this universe appear so gloomy?

CORPORATE RED

Talk about a mirror Angel Grove..  
Hey Cable is there a mirror version  
of me?

CABLE

There is a evil Corporate Red who aligns with Queen Edea after defeating her. Him and the Corporate Rangers betray Prof. Jonathan and the Corporation to form the Imperial Corporate Empire. In that universe the Nazi's won World War II, and everyone, except a few, throughout that timeline is barbaric.

CORPORATE RED

Talk about a dark mirror..

DEADPOOL

I have a bad feeling about this mirror universe.

CABLE

I found him.. He's down there..

The three look down the cliff where its pitch black.

DEADPOOL

No way he could've survived that fall.

CORPORATE RED

I've survived higher..

CABLE

Let's move..

**CUT TO:**

**INT. DOWN THE CREVICE**

The three teleport to the bottom of the cliff, and walk up quickly to Tommy Oliver. Cable looks around aiming his plasma gun, and Deadpool pulls out his katanas, incase of any suspicious activity. Corporate Red walks up to Tommy Oliver to help him up.

CORPORATE RED

Tommy Oliver..

TOMMY OLIVER

Yes.. Ahh

CORPORATE RED

It looks like you had a nasty fall there..

**FADE INTO**

**EXT. PARALLEL ANGEL GROVE**

The four now back on top of the cliff. Angel Grove can be seen in the background.

DEADPOOL

You're uniform, its like a merger of the Green and White Ranger.

TOMMY OLIVER

Sometimes you need the best of both worlds.

CABLE

I bet..

Tommy Oliver forms a angered look.

CORPORATE RED  
What happen here?

TOMMY OLIVER  
Queen Rita, this is the universe  
where she won, and conquered earth.

CABLE  
What did you say?

TOMMY OLIVER  
Rita Repulsa won..

CABLE  
Before that..

DEADPOOL  
Damn, no Lord Zedd?

TOMMY OLIVER  
Who?

DEADPOOL  
Nothing..

CORPORATE RED  
Everything alright?

CABLE  
Everything's fine..  
(turns his back and low  
tone)  
Computer begin processing data on  
this universe..  
(pulls out cosmic cube to  
process data)

Cable slowly starts walking away from the group.

CORPORATE RED  
We need your help Dr. Oliver.

TOMMY OLIVER  
Power Rangers always help when  
there's danger.

CORPORATE RED  
There's a danger to the multiverse.  
One universe threatens the  
existence of all realities.

DEADPOOL

We're going to destroy the Marvel Cinematic Universe..

TOMMY OLIVER

The what?

CORPORATE RED

Earth 616. Its also known as Earth19999, or whatever code Cable, and dimensional watchers gave it. It's the timeline that has to be destroyed to the secure the safety of the multiverse.

DEADPOOL

We want to recruit the greatest Power Ranger of all time, on our team. The mother fucking G.O.A.T. of Power Rangers. No matter which universe he's from.

TOMMY OLIVER

I'll be glad to assist..

Brief silence

TOMMY OLIVER (CONT'D)

I must say that's a interesting artifact you have there.

**CUT TO:**

Cable processing of data is completed, and he is alarmed to what he has discovered. Cable puts his cosmic cube away. The scene on his right hand as he slowly reaches for his plasma gun. His hand goes into a blur now. The scene focused on the others, and then on them completely.

**CUT TO:**

DEADPOOL

Time travel is pretty bad ass..

SECRET AVENGER

It sure is..

CABLE

(reaches the group)

Don't even think about it, Tommy Oliver. Or do I call you, Lord Drakkon..

Corporate Red and Deadpool quickly step away as the evil Power Ranger does his fame iconic evil laugh.

LORD DRAKKON

Fools..

CORPORATE RED

Tommy?

CABLE

In this universe, this Tommy, the Green Ranger, after being defeated by Jason, the Red Ranger, chose to stay with Rita. This Green Ranger killed Jason and Kimberly, and even destroyed Count Drakkon, who was attempting to invade earth to overthrow Rita. Tommy took his powers, and then later murdered Jason who was undergoing the transformation to become the White Ranger. He then murdered Kimberly who then died in the deceased Jason's arms. By merging the mantles of Green, White and Drakkon he became Lord Drakkon.

Lord Drakkon pulls out his Dragon Dagger.

LORD DRAKKON

Time ends for you all..

Corporate Red pulls out his sword, and plasma gun. Deadpool pulls out his katanas, and Cable aiming his plasma gun at Lord Drakkon.

CABLE

We don't have time for this..

LORD DRAKKON

That's unfortunate..

Lord Drakkon helmet forms, and goes into fighting stance. Corporate Red quickly forms into his combat suit. Lord Drakkon and Corporate Red engage in battle. Drakkon's dagger collides with Red's sword. Sparks coming out of their weapons upon each collision. The two piercing their weapons against each other as the two get closer to each other.

LORD DRAKKON (CONT'D)

So, you're The Forgotten Ranger?

CORPORATE RED

In another life..

LORD DRAKKON

Then you will be the second.

The two turn their heads towards Deadpool, who is seen jumping in center with a double swipe of both his katanas. The two move out the way. Drakkon dodges all of Deadpool's swipes from both katana's. He then fires his plasma gun at Deadpool's head. Everyone turns towards Wade, who's head slowly heals.

DEADPOOL

Plasma burn..

(turns to Cable)

Alright bub.. Show them what you got..

Cable fires his plasma gun with multiple rounds. Drakkon swipes his dagger in multiple 360's, blocking the plasma beams. Cable stops firing letting out some breathers.

LORD DRAKKON

You've lost your touch old man.

CABLE

Correction, at your feet..

Lord Drakkon looks down as a plasma grenade is lighting up. Cable activates his shield to protect himself, Corporate Red and Deadpool. The plasma grenade explodes. Lord Drakkon is thrown into the air, and then rolls across the ground. There flames across the ground. Lord Drakkon slowly gets up, and begins walking through the flames. Cable, Deadpool and Corporate Red are nowhere to be found.

**FADE TO BLACK.**

**EXT. PARALLEL COMMAND CENTER**

Cable, Corporate Red and Deadpool arrive outside a Command Center in a parallel universe.

CORPORATE RED

Where are we now?

CABLE

The Power Rangers in their respective universes call it the Command Center.

CORPORATE RED

(takes off his helmet)

Did the universe we come from have one?

CABLE

It used to be before it was turned into a museum. Not a museum either of us would want to visit.

DEADPOOL

The madness of the multiverse. Hey you think they'll turn that into a movie?

Cable presses his hands in anger across his face, while Corporate Red raises his right eyebrow.

CORPORATE RED

Why not ask Doctor Strange?

DEADPOOL

Or Disney?

**CUT TO:**

**INT. PARALLEL COMMAND CENTER**

Zordon, Alpha 5 and the Power Rangers watch the three on the viewing globe. The three watch Cable walk up to Deadpool. Cable smacks Deadpool over the back of the head with his plasma gun. Corporate Red turns around trying to not burst out in laughter.

ALPHA 5

Well, that was rough..

TOMMY OLIVER

That was rough..

The others trying to not laugh. Jason however gets serious..

JASON

Who are they Zordon?

ZORDON

It appears these three are from another dimension.

BILLY

One of them is carrying a device that has the same energy readings as our morphers.

KIMBERLY

Another Power Ranger?

TOMMY OLIVER  
We better move..

JASON  
Back into action..

**CUT TO:**

**EXT. PARALLEL COMMAND CENTER**

The Power Rangers are now seen in their suits as they confront the three outside the Command Center.

CABLE  
It looks like we've got their attention.

DEADPOOL  
Power Rangers.. Yo Zack, fuck's what they say about Adam. You're the greatest black ranger.

ZACK/BLACK RANGER  
That's what's up..  
(turns to the team)  
Who's Adam?

KIMBERLY/PINK RANGER  
Just who are you guys anyway?

CORPORATE RED  
We've been on a journey through different parallel timelines. We just came back from a dark universe.

TOMMY OLIVER/GREEN RANGER  
That's crazy, so did we..

CORPORATE RED  
We had an encounter with Lord Drakkon..

JASON/RED RANGER  
That's where we just came from..

CABLE  
This must be the parallel universe that encountered the dark parallel universe of Lord Drakkon.  
(brief silence)  
Jason, my name is Cable. This is Corporate Red, and Deadpool.  
(MORE)

CABLE (CONT'D)

We come from another universe. We have a urgent message for Zordon.

KIMBERLY/PINK RANGER

Zordon says you all come from another dimension.

CORPORATE RED

He's right.. We're also friendly, not hostile..

CABLE

The fate of your universe is at stake..

TOMMY OLIVER/GREEN RANGER

Well before we allow you into the Command Center, surrender your weapons.

Cable tosses his plasma gun to the ground. Along with his belt holder containing his plasma grenades. Corporate Red tosses away his sword, and plasma gun. Deadpool pulls out his katanas, and walks up to the Power Rangers.

DEADPOOL

Hey just be easy on the katanas.

TOMMY OLIVER/GREEN RANGER

Drop them..

DEADPOOL

Alright already..

Deadpool tosses the katana's to the ground and takes steps back. The Power Rangers stare at each other and nod.

**FADE INTO**

**INT. COMMAND CENTER**

Corporate Red, Cable and Deadpool are giving back their weapons.

DEADPOOL

Thanks..

ZACK

No prob..

ZORDON

So, you're "The Forgotten Ranger"..

CORPORATE RED

Well, in another life..

ALPHA 5

Care to explain?

CORPORATE RED

I am Corporate Red, but not The Forgotten Ranger. That's the Corporate Red of another life. In my universe a company known as The Corporation started The Corporate Initiative, which gave birth to the Corporate Rangers. We were in a war against Queen Edea and her imperial empire. Myself and the Corporate Rangers were able to defeat Queen Edea. I can't say the same for the Corporate Rangers in the other life.

ZORDON

Please explain..

CABLE

Myself, along with another time traveler named Bishop, warned this Corporate Red about his death in the other life. We helped him prevent not only his, but the deaths of the other seven rangers. There were thirteen Corporate Rangers. In the other life she killed ten of them. Corporate Red in that reality eventually defeated her.

TRINI

What happen to the other two?

CORPORATE RED

One of the rangers later became an enemy. Norman, the Silver Ranger was heavily wounded during a battle. He radio me and the team. Myself and the others were about to head to his location when I was ordered by The Corporation to retreat. We never saw him again. I thought he was dead. Then years later after the defeat of Queen Edea, I would learn The Corporation had rescued him and kept him cryogenically frozen in secret.

(MORE)

## CORPORATE RED (CONT'D)

He eventually awoke and hated me, and we became bitter enemies. An old friend Catherine, Shadow Ranger helped me in a war against him. Norman, is the son of Queen Edea. The father is Professor Jonathan. Catherine became Shadow Ranger when she was recruited by Queen Edea during war against Edea. When I defeated Shadow Ranger, Catherine went exile and then later joined the team. She helped me in the war against Norman, but the rivalry between me and him was too much for her, and she disappeared.

## CABLE

Same people in many universes, just unexpected different outcomes. Sorry T, I hate to cut the story short, but we have to brief Zordan and the rangers.

## ZORDON

Please Cable, I wish to hear the urgent news.

Cable pulls out his cosmic cube. Events throughout Earth 1999 are shown. The Skrull InVasion of Earth, and using the Time Stone as a weapon against humanity.

*CUT TO:*

The Time Stone getting into the hands of a non-hostile being, Corporate Red. He uses it to fight crime.

*CUT TO:*

Corporate Red gives the Time Stone to Wong, who then puts it into the Eye of Agomotto.

*CUT TO:*

Doctor Stephen Strange is seen misusing the Time Stone on a apple.

*CUT TO:*

**EXT. DORMMAMU'S MYSTERIOUS DIMENSION**

## DOCTOR STRANGE

I've come to bargain..

DORMAMMU  
What is this illusion?

*CUT TO:*

***INT. AVENGERS FACILITY***

The Avengers wearing Corporate Red/Next Gen Quantum's suit to time travel to retrieve Infinity Stones. The formation of the fist bump circle by the Avenger, Rocket Raccoon, and Nebula is seen.

*CUT TO:*

***EXT. PARK***

Old Man Captain America is seen smiling sitting on a bench.

*CUT TO:*

CABLE

It has been theorized that the first glitch within Earth 19999 started either with the Skrulls or when Doctor Strange bargained with Dormmmamu. Then a secondary glitch occurred when Captain America stayed in the past. Several individuals wiped out from existence as a result. Several realities also are slowly being erased.

CORPORATE RED

That's how I met Cable and Deadpool. My hands have been fading in and out on rare occasions. Please, join us in our secret war, against Earth 1999999.

DEADPOOL

Help us take down the Marvel Cinematic Universe.

Everyone looks puzzled at Deadpool.

ZORDON

I recently detected a strange anomaly in the space time continuum.

BILLY

Disruptions in the space time continuum can be rare..

CABLE

Caused by paranormal or human interference..

BILLY

You're saying destroying Earth 1999999 is the only way to save the multiverse?

CABLE

Affirmative..

DEADPOOL

That's his line..

CABLE

Shut up..

JASON

Power Rangers don't destroy..

CABLE

Tell that to the monsters you've fought.

ZACH

Hey, those monsters were sent by Rita, and they were threatening innocent civilians.

JASON

We don't destroy unless its self defense. We've even warned monsters to stand down or we'll have no other choice. Man, we just can't help you destroy an entire universe.

TOMMY OLIVER

Jason, what if we don't have a choice?

JASON

Lord Drakkon had a choice..

KIMBERLY

Is there any other way to save both Earth 19999 and the multiverse?

CABLE

Jason, if we don't destroy that alternate earth your universe will eventually cease to exist.

Brief silence as the Power Rangers stare at each other in worrisome. They then stare up at Zordon.

BILLY

Zordon, is he telling the truth?

ZORDON

I'm afraid so Billy.. Power Rangers, what you encountered in the mirror universe is nothing compared to the Secret War you're about to embark on. Cable, you have my full support. It is unfortunate under the circumstances.

CABLE

Thank you Zordon, and I agree..

JASON

What do you need us to do?

CABLE

Sailor Pluto, a dimensional watcher will open a portal. Once it opens morph immediately and jump in.

Jason stares at the team, and then nods.

JASON

Alright.. We're in..

ZORDON

May the power protect us all rangers.

Jason and Corporate Red stare at each other.

JASON

Corporate Red..

CORPORATE RED

Red Ranger..

JASON

The Forgotten Ranger..

CORPORATE RED

The iconic Red Ranger..

JASON  
Iconic huh?

CORPORATE RED  
Heck yeah..

DEADPOOL  
Did you two just break the 4th  
wall?

**FADE TO BLACK.**

**EXT. PARALLEL NEW YORK CITY**

Adult Peter Parker and adult Mary Jane holding hands coming out of a jazz club. Suddenly Logan is seen standing next to his motorcycle.

MARY JANE  
You know him?

PETER PARKER  
An old friend..

The two walk up to Logan..

LOGAN  
Parker..

PETER PARKER  
It's been a long time Logan..

LOGAN  
I know this is unexpected, but I  
need to talk to you in private.

MARY JANE  
While you two are talking, I'll see  
if I can hail us a cab.

LOGAN  
He can web-sling you know..

MARY JANE  
(smiles)  
Oh stop Logan..

Mary Jane walks away as Peter smiles.

LOGAN  
I've never seen you this happy.

PETER PARKER

Putting him to rest is what led to my happiness.

LOGAN

The universe needs him..

PETER PARKER

I threw him at the bottom of the ocean.

LOGAN

Then find him.. The universe needs Spider-man..

PETER PARKER

If I don't..

LOGAN

Then say goodbye to Aunt May and Mary Jane..

PETER PARKER

You're threatening my family..

The two then look up as Xavier speaks telepathically to the three. Mary Jane turns towards the two and slowly drops her head as she hears Xavier as well.

PROFESSOR XAVIER

No Parker, there is a threat to the multiverse. One universe threatens the existence of all realities. If we don't take action we will cease to exist, along with your Aunt May and your Mary Jane.

Parker forms a unease look and then stares down.

PETER PARKER

Alright.. I'm in..

**CUT TO:**

**EXT. PORT DOCK**

Dr. Hank McCoy aka Beast is seen operating a robotic vehicle from a computer. The vehicle is traveling underwater of the Hudson River.

DR. HANK MCCOY  
Looks like I've found something..

**CUT TO:**

**INT. PARKER'S RESIDENCY**

Adult Peter Parker is seen in his Spider-man suit and putting on his mask. He then heads into the living room where Aunt May and Mary Jane await him. Aunt May kisses him on the cheek.

AUNT MAY  
Please be careful..

SPIDERMAN  
I will..

Mary Jane kisses Spider-man briefly.

MARY JANE  
Go get em Tiger..

Spider-man then puts on his mask and opens the window. He then jumps out the window and web-shoots.

SPIDERMAN  
WOOO

**CUT TO:**

**EXT. S.W.O.R.D. HEADQUARTERS**

Heroes of the Multiverse are slowly gathering.

COLONEL NICK FURY  
Who do we have?

SECRET AVENGER  
We have the X-MEN, Power Rangers,  
The Wraith, and now we have  
Madison.

SAILOR JUPITER  
Madison?

Everyone turns towards Madison who is playing with her blonde hair.

MADISON  
Hi everyone..

DEADPOOL

Oh no..

BISHOP

Shit..

SECRET AVENGER

What's wrong?

CABLE

She never stops talking..

SAILOR SCOUTS EXCEPT SAILOR MOON

Oh no..

SAILOR MOON

Hey..

MADISON

What's up girlfriend? So um..  
What's this about killing some,  
Avengers? I kill zombies..

Brief silence as Madison continues twirling her blonde hair with a blank stare.

CABLE

Damn it.. Who's idea was this?

Everyone shrugs..

MADISON

(smiles)

You can't get rid of me that easily.

SAILOR MARS

Can we though?

MADISON

(annoyed stare)

Nobody asked you..

SAILOR MARS

What did you say?

MADISON

(serious stare)

You're face..

SAILOR MARS

What did you say?

MADISON

I said fireball..

Sailor Mars was about to smack Madison, but gets blocked by Sailor Mercury. Sailor Jupiter was about to punch her in the stomach, but gets blocked by Sailor Venus. Logan and Spider-man arrive on the scene.

LOGAN

The team is growing..

SPIDERMAN

(takes off his mask)

When do we begin?

SECRET AVENGER

Soon.. We have to travel back to when the Avengers confronted the alternate timeline Thanos. Then from there we have to retrieve the Infinity Stones, place them on the Infinity Gauntlet, and then restore the original timeline.

CABLE

If there's hopes of restoring it.

SAILOR PLUTO

Remember that timeline might've split in two. Hopefully the sacred timeline is still out there..

THE WRAITH

It seems there's alot of cosmic beings on this team.

SECRET AVENGER

With the exception of myself, Logan and Peter..

CABLE

And me.. I might be a time traveler, but I'm no cosmic being.

BISHOP

Same here.. Just a time traveler, and a member of the X-MEN.

SECRET AVENGER

Which timeline you're from?

BISHOP

The one that got overrun by the Sentinels. Not far from Cable's timeline.

SECRET AVENGER

Is the future really that dark?

SAILOR PLUTO

It depends on the reality.

CABLE

Human decisions play a role on the good and bad of a timeline. Some peaceful, some not so peaceful. Some full of war, some not as war-going.

SAILOR PLUTO

Different branches..

CABLE

Colonel, will you be joining us? I'm pretty sure you still have alot in the tank left.

COLONEL NICHOLAS FURY

No, I will remain here..

DR. HANK PYM

I'm staying with the Colonel as well. Secret Avengers, you must save the multiverse. If you fail, the multiverse will collapse.

MADISON

Oh my gosh.. I'm an Avenger..

(quick scream)

Aah

Everyone lowers their heads, but quickly stare at Colonel Nicholas Fury.

COLONEL NICHOLAS FURY

One man went back in time, and has caused a slow destruction to the multiverse. However

(turns to Corporate Red)

One hero can go back, and stop it all from happening. Some of you may die, and will have to be replaced by a variant version of yourselves to continue the Secret War.

(MORE)

COLONEL NICHOLAS FURY (CONT'D)

You all must be prepared for  
possible sacrifices.

DR. HANK PYM

This is the real End Game. They're  
End Game. Not ours. Some of you may  
die. But if the multiverse gets  
restored, you will be bought back  
to existence.

Brief silence as everyone stares at each other. Ome worried.  
Some look determined. There may be no tomorrow.

COLONEL NICHOLAS FURY

Remember everyone, time is running  
out. The multiverse must be  
restored. They're timeline must  
cease from existence.

**FADE TO BLACK.**
